

NOTICE TO ARCHITECTS AND ENGINEERS
REQUEST FOR QUALIFICATIONS

Eastern Maine Community College wishes to procure architectural/engineering services for the Katahdin Region Higher Education/Early Childhood Center expansion and roof repair project in East Millinocket. Qualifications packages are due at 2:00 p.m. on August 17, 2022 at Eastern Maine Community College to Cindy Kasprzak ckasprzak@emcc.edu.

The scope of services will include, but not be limited to, field verification and documentation of existing conditions, design development, contract documents, bidding, and construction administration. The firm may be required to coordinate this work and/or additional work with other consultants contracted by Eastern Maine Community College.

Responding firms must comply with the detailed *RFQ Information for Architects and Engineers* on the Eastern Maine Community College website: <https://www.emcc.edu/rfp-rfq/>
