NOTICE TO ARCHITECTS AND ENGINEERS  
REQUEST FOR QUALIFICATIONS

The Department of Defense, Veterans and Emergency Management wishes to procure architectural/engineering services for the **Bldg. 260 (AASF) Roof Replacement Project** at the Army Aviation Support Facility (AASF) in Bangor, Maine. Qualifications packages are due at **1:00 p.m. on 18 Jan 2024**, as stated in the RFQ.

The Army Aviation Support Facility is a 123,347 square foot facility consisting of three aircraft hangars and associated office and support space located at 92 Hayes Street, Bangor, Maine. It is the primary aircraft support facility for the Maine Army National Guard. Project consist of the removal of the existing Thermoplastic Polyolefin (TPO) roof system and its replacement with a new Ethylene Propylene Diene Monomer (EPDM) roof system. All work to be performed IAW UFC 3-110-03, Roofing, and the BGS Roof Structural and Insulation Considerations for Re-roofing Projects Policy. The project site is located within a military controlled access facility and is adjacent to both a military and commercial aviation flight line.

Responding firms must comply with the detailed *RFQ Information for Architects and Engineers* on the Bureau of General Services website: <https://www.maine.gov/dafs/bgs/business-opportunities>
