

Request for Qualifications Information for Engineers

Maine School Administrative District No. 75 wishes to procure engineering services for the **Districtwide Site Improvement Project** throughout the school district situated in Bowdoin, Bowdoinham, Harpswell and Topsham, Maine.

Project Description

The scope of this project includes, but is not limited to, schedule and cost estimating, preliminary design, design development, contract documents, bidding, and construction administration. The firm may be required to coordinate this work or additional work with other consultants contracted by the Owner.

The project involves a water line repair at Mt. Ararat Middle School, parking lot paving and related site improvements to sidewalks, roads and playground surfaces at facilities across the District, including Bowdoin Central School, Bowdoinham Community School, Harpswell Community School, Williams-Cone Elementary School, Woodside Elementary School, Mt. Ararat Middle School, Mt. Ararat High School, the MSAD 75 District Office Complex including Republic Avenue and Merrymeeting Adult Education.

Project Budget

The overall project budget, including contingency and administration costs, cannot exceed \$2 million.

Anticipated Schedule

RFQ responses due	09/02/2022
Short-listed firms notified	by 09/08/2022
A/E firm interviews	09/19/2022 to 09/23/2022
A/E firm selection	09/28/2022
Agreement approved	by 09/30/2022
Project duration	09/30/2022 – 08/30/2024

Submission Requirements

Interested firms should submit *one paper copy* and *one electronic copy* of a Letter of Interest with a Statement of Qualifications which includes the firm's response to each of the following criteria.

- A. qualifications to undertake this project;
- B. documented experience with budgets, estimating, and project cost control;
- C. list of projects that demonstrate the firm's capabilities;
- D. list of recently completed work of similar type and size projects, with client contact information for each project;
- E. organization of team and profiles of key personnel who would be involved in the project;
- F. statement of current workload and ability to absorb the project; and
- G. list of business references other than those listed above, including contact information.

The *paper copy* of the Letter of Interest and Statement of Qualifications should be sent to Shawn Johansen, Facilities Director, MSAD No. 75, 50 Republic Avenue, Topsham, ME 04086 so as to be received no later than **1:00 PM on Friday, September 2, 2022**. The *electronic copy* of the Letter of Interest and Statement of Qualifications should be sent as an attachment to an email addressed to johansens@link75.org so as to meet the deadline noted above.

Firms responding will be screened and interviewed on the basis of qualifications only. Project fees and specific design solutions for this project will not be discussed at the interview. Specific program information will not be available before the screening of qualification packages. The selection committee will rank all firms and negotiate fees with the highest ranked firm.

Architect-Engineer Procurement Process

The standard procurement process of Architect and Engineer design services for public improvements is a Qualification Based Selection (QBS) process per statute (Title 5, §1742 subsection 6), described briefly here.

1. The advertisement of this Request for Qualifications is the initial step in the process after the Agency assures that the project itself is approved and funded. A clear scope of services statement is an essential component of the advertisement.
2. Interested firms respond to the Request for Qualifications (RFQ) as described below, submitting the Letter of Interest and Statement of Qualifications to the Selection Committee.
3. The Selection Committee screens all submissions and invites the most qualified firms to interview for the project, typically three to five firms.
4. The Selection Committee interviews the firms. Second interviews may be scheduled. References are checked.
5. The Selection Committee ranks all of the interviewed firms. The Committee negotiates an agreement with the highest ranked firm based on the scope of professional services identified in the RFQ and interview.
6. An Architect/Engineer Agreement is drafted and executed before work commences.
