

When Should My Marijuana / Marijuana Product(s) Be Tested?

- When marijuana / marijuana product(s) are being transferred to new licensee(s), the intended marijuana / marijuana product(s) **MUST** be tested **prior** to transfer.
- In a vertically integrated business, marijuana / marijuana product(s) **MUST** be tested **prior** to transfer to another license in a different part of the facility.
- If marijuana / marijuana product(s) are tested **before packaging** and **no other alteration is performed prior to sale** to the consumer, additional testing is not required.
