**SOURCEWELL VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM**

**Section 1. Instructions for Vendor**

Requests for product or service changes, additions, or deletions will be considered at any time throughout the awarded contract term. All requests must be made in writing by completing sections 2, 3, and 4 of this Sourcewell Price and Product Change Request Form and signed by an authorized Vendor representative in section 5. All changes are subject to review by the Sourcewell Procurement Department and to approval by Sourcewell’s Chief Procurement Officer. Submit request through email to your assigned Sourcewell Contract Administrator.

Sourcewell will determine whether the request is 1) within the scope of the original RFP, and 2) in the best interests of Sourcewell and Sourcewell Members. Approved Price and Product Change Request Forms will be signed and emailed to the Vendor contact.

The Vendor must complete this change request form and individually list or attach all items or services subject to change, must provide sufficiently detailed explanation and documentation for the change, and must include a complete restatement of pricing documentation in an appropriate format (preferably Microsoft® Excel®). The pricing document must identify all products and services being offered and must conform to the following Sourcewell product/price change naming convention: (Vendor Name) (Sourcewell Contract #) (effective pricing date); for example, “Acme Widget Company #012416-AWC eff. 01-01-2017.”

*NOTE:* New pricing restatements must include all products and services offered regardless of whether their prices have changed and must include a new “effective date” on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each Vendor and creates a historical record of pricing.

**ADDITIONS.** New products and related services may be added to a contract if such additions are within the scope of the original RFP.

**DELETIONS.** New products and related services may be deleted from a contract if, for example, they are no longer available or have been modified to a point where they are outside the scope of the RFP.

**PRICE CHANGES:** Vendors may request price changes if they provide sufficient rationale for the change. For example, a Vendor that manufactures products that require substantial petroleum-related material might request a 3% price increase because of a 20% increase in petroleum costs.

*Price decreases:* Sourcewell expects Vendors to propose their very best prices and anticipates that price reductions might occur because of improved technologies or marketplace efficiencies.

*Price increases:* Acceptable price increases typically result from specific Vendor cost increases. The Vendor must include reasonable justification for the price increase and must not, for example, offer merely generalized statements about an increase in a cost-of-living index. Appropriate documentation should be attached to this form, including such items as letters from suppliers announcing price increases.

Refer to the RFP for complete “Pricing” details.

## SOURCEWELL VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

### Section 3. Detailed Explanation of Need for Changes

List the products and/or services that are changing or being added or deleted from the previous contract price list, along with the percentage change for each item or category. (Attach a separate, detailed document if changing more than 10 items.)

Adding additional sizes of Temp Control Products (Power/HVAC Equipment), HDPE Piping (Pump Hose and Accessories) and General Equipment Categories needed for "Snow Removal" not previously offered under our contract.

Provide a general statement and documentation explaining the reasons for these price and/or product changes.

*EXAMPLES: 1) "All pricing for paper products and services are increased 5% because of increased raw material and transportation costs (see attached documentation of fuel and raw materials increase)." 2) "The 6400 series floor polisher is being added to the product list as a new model, replacing the 5400 series. The 6400 series 3% increase reflects technological changes that improve the polisher's efficiency and useful life. The 5400 series is now included in the "Hot List" at a 20% discount from the previous pricing until the remaining inventory is liquidated."*

All product additions are within contract scope. The PHVAC and Pump category additions are already under contract, but these specific product add's represent various size ranges that were not previously carried in our fleet inventory and/or available. Regarding the Snow Removal general equipment, we have received requests from various agencies including the City of Atlanta to offer these products on an as needed basis going forward. Below is the list of the all fleet to be added:

**SOURCEWELL VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM**

If adding products, state how these are within the scope of the original RFP.

The PHVAC and Pump categories were submitted during the original RFP, but these specific sizes were either not carried in our inventory or widely available across our national network of branches. The Snow Removal equipment is consistent with the type of product types we currently have under contract, but due to previous demand have not been previously offered.

If changing prices or adding products or services, state how the pricing is consistent with existing Sourcewell contract pricing.

Pricing and product changes for the additional cat classes are in scope and consistent with our current prices.

**Section 4. Complete Restatement of Pricing Submitted**

A COMPLETE restatement of the pricing, including all new and existing products and services is attached and has been emailed to the assigned Sourcewell Contract Administrator.

**NJPA VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM**

**Section 1. Instructions for Vendor**

Requests for equipment/products or service changes, additions or deletions will be allowed at any time throughout the awarded contract term. All requests must be made in written format by completing sections 2, 3 and 4 of the NJPA Price and Product Change Request Form and signature of an authorized Vendor employee in section 5. All changes are subject to review and approval by the NJPA Contracts & Compliance Manager, signed in acceptance by the NJPA Executive Director and acknowledged by the NJPA Contract Council. Submit request via email to: Your NJPA Contract Administrator

NJPA's due diligence in analyzing any request for change is to determine if approval of the request is: 1) within the scope of the original RFP and 2) in the "Best Interests of NJPA and NJPA Members." A signed Price and Product Change form will be returned to vendor contact via email.

Vendor must complete this change request form and individually list or attach all items or services subject to change, provide sufficiently detailed explanation and documentation for the change, and include a complete restatement of pricing document in appropriate format (preferably Excel). The pricing document must identify all equipment/products and services being offered and must conform to the following NJPA product/price change naming convention: (Vendor Name) (NJPA Contract #) (effective pricing date); for example, "COMPANY 012411-CPY eff 02-12-2013."

*NOTE:* New pricing restatement must include all equipment/products and services offered regardless of whether their prices have changed and include a new "effective date" on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each vendor and creates a historical record of pricing.

**ADDITIONS.** New equipment/products and related services may be added to a contract if such additions are within the scope of the RFP.

**DELETIONS.** New equipment/products and related services may be deleted from a contract if an item or service is no longer available and thus not relevant to the contract; for example, discontinued, improved, etc.

**PRICE CHANGES:** Request price changes in general terms along with the justification by product category for the change; for example, a 3% increase in XYZ Product Line is due to a 3% increase in petroleum, or this list of SKUs/ product descriptions is increasing X% due to X% increase in cost of raw materials.

*Price decreases:* NJPA expects Vendors to propose their very best prices and anticipates price reductions are due to advancement of technologies and market place efficiencies.

*Price increases:* Typical acceptable increase requests include increases to Vendor input costs such as petroleum or other applicable commodities, increases in product utility of new compared to old equipment/product or service, etc. Vendor must include reasonable documentation for the claims cited in their request along with detailed justification for why the increase is needed. Special details for price changes must be included with the request along with both current and proposed pricing. Appropriate documentation should be attached to this form, including letters from suppliers announcing price increases.

Refer to the RFP for complete "Pricing" details.

## NJPA VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

### Section 3. Detailed Explanation of Need for Changes

List equipment/products and/or services that are changing, being added or deleted from previous contract price list along with the percentage change for each item or category. (Attach a separate, detailed document if more than 10 items.)

Documentation of additions is attached. Since our contract inception, the Surface Transportation Bill has been signed into law (Oct 2015). This provides over \$323B of Federal Hwy Funds to State and Local agencies over the next six years. The demand for heavy road gear and construction site equipment has risen, and since the country has been without a signed bill to address budget shortfalls for over eight years, we did not see as much activity in our proposed equipment cat classes (these cat classes did not come up in utilization analysis). Also added is equipment with mandatory Tier IV engines (a result of new emissions standards) and pumps (we acquired National Pump). In addition, Equipment Servicing and Labor is an added as a value-added services to the contract (see attached).

Provide a general statement and documentation explaining the reasons for these price and/or product changes.

*SAMPLES: 1-All paper equipment/products and services increased 5% in price due to transportation and fuel costs (see attached documentation of raw materials increase). 2-The 6400 series floor polisher is added to the product list as a new model replacing the 5400 series. The 6400 series 3% increase reflects technological improvements made that improve the rate of efficiency and useful life. The 5400 series is now included in the "Hot List" at a 20% discount from previous pricing until remaining inventory is liquidated.*

The two items below for price changes are due to anomalies in our calculation algorithm for the initial proposal. Utilization was low & caused a pricing anomaly. Additionally, we request an increase in environmental fees > from .0047 to .013 (max \$75). Our system had made the change companywide as the award for contract 091615 was being awarded. Currently none of NJPA's members are charged the fee.

If adding product/s, provide a general statement how these are in the scope.

All products added are within contract scope. Rollers, Cranes, Backhoes, Tractors, Attachments and Utility Carts are on the original contract – we have expanded the cat class offering due to recent demand. Our intent has always been to offer NJPA's membership the most highly utilized cat classes. We have over 3300 categories of equipment and our initial offering of 783 comprises over 90% of the rentals by NJPA members. We did not include the remainder of the categories due to sporadic utilization across the country and difficulty in pricing nationally. The influx of highway funds has changed this dynamic & we are receiving requests for equipment which are not on schedule. An additional page outlines United Rentals' request to add equipment service (labor & parts) to our offering; this is largely a result of customer requests.

If changing prices and/or adding equipment/products/services, provide a general statement that the pricing is consistent with existing NJPA contract pricing.

THE DUTY TO INDEMNIFY WILL CONTINUE IN FULL FORCE AND EFFECT NOTWITHSTANDING THE EXPIRATION OR EARLY TERMINATION OF THE CONTRACT.**

4. **INSPECTION OF EQUIPMENT.** Customer acknowledges that Customer has inspected the Equipment prior to taking possession thereof, finds it in good working order and repair, and suitable for Customer's needs. Customer further acknowledges that Customer has inspected the propulsion tank of vehicles registered and licensed, or required to be registered and licensed, for use on any highway or public road use, prior to taking possession thereof, and such propulsion tank contained no dyed fuel. Customer is familiar with the proper operation and use of each item of Equipment. Customer has inspected or will inspect all hitches, bolts, safety chains, hauling tongues and other devices and materials used to connect the Equipment to Customer's towing vehicle, if any. Customer acknowledges United is not responsible for any damage to Customer's towing vehicle caused by detachable hitches or mirrors.

5. **LIMITATION OF LIABILITY.** In no event shall (i) United be responsible to Customer or any other party for any loss, damage or injury caused by, resulting from or in any way connected with the Equipment, its operation or its use, United's failure to deliver the Equipment as required hereunder, or United's failure to repair or replace non-working Equipment or (ii) United be liable for any incidental, consequential, punitive or special damages. Customer acknowledges and assumes all risks inherent in the operation, use and possession of the Equipment from the time the Equipment is delivered to Customer until the Equipment is returned to United and will take all

necessary precautions to protect all persons and property from injury or damage from the Equipment.

6. **USE OF EQUIPMENT.**

A. Customer will not use or allow anyone to use the Equipment: (a) for an illegal purpose or in an illegal manner; (b) without a license, if required under any applicable law, or (c) who is not qualified to operate it. Customer agrees, at Customer's sole expense, to comply with all applicable municipal, state, and federal laws, ordinances and regulations (including O.S.H.A. and the Internal Revenue Code) which may apply to the use of the Equipment. Customer shall not insert, or permit to be inserted, any dyed fuel into the propulsion tank of vehicles registered and licensed, or required to be registered and licensed, for use on any highway or other public road. **CUSTOMER AGREES TO DEFEND, INDEMNIFY AND HOLD UNITED HARMLESS FROM ALL FINES, PENALTIES AND COSTS INCURRED BY UNITED DUE TO DYED FUEL BEING INTRODUCED INTO THE PROPULSION TANK OF SUCH VEHICLES.** Customer agrees to check filters, oil, fluid levels and tire air pressure, to clean and visually inspect the Equipment daily and to immediately notify United when Equipment needs repair or maintenance. Customer acknowledges that United has no responsibility to inspect the Equipment while it is in Customer's possession. United shall have the right to replace the Equipment with other similar equipment at any time and for any reason.

B. **IN CALIFORNIA ONLY:** If any of the Equipment is power operated or power-driven excavating or boring equipment, it is the sole responsibility of Customer to follow the requirements of the regional notification center law pursuant to Article 2 (commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the Government Code. By signing this Rental Agreement, Customer accepts all liabilities and responsibilities contained in the California regional notification center law.

7. **DISCLAIMER OF WARRANTIES. UNITED MAKES NO WARRANTIES, EXPRESS OR IMPLIED, AS TO THE MERCHANTABILITY OF THE EQUIPMENT OR ITS FITNESS FOR ANY PARTICULAR PURPOSE. THERE IS NO WARRANTY THAT THE EQUIPMENT IS SUITED FOR CUSTOMER'S INTENDED USE, OR THAT IT IS FREE FROM DEFECTS. EXCEPT AS MAY BE SPECIFICALLY SET FORTH IN THIS RENTAL AGREEMENT, UNITED DISCLAIMS ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, MADE IN CONNECTION WITH THIS RENTAL TRANSACTION.**

8. **MALFUNCTIONING EQUIPMENT.** Should the Equipment be involved in an accident, become unsafe, malfunction or require repair, Customer shall immediately cease using the Equipment and immediately notify United. If such condition is the result of normal operation, United will repair or replace the Equipment with similar Equipment in working order, if such replacement Equipment is available. United has no obligation to repair or replace Equipment rendered inoperable by misuse, abuse or neglect. Customer's sole remedy for any failure or defect in Equipment shall be the termination of any rental charges accruing after the time of failure. Customer must return the Equipment to the Store Location within 24 hours from the time of defect in order to terminate rental charges.

9. **RETURN OF EQUIPMENT / DAMAGED & LOST EQUIPMENT.** At the expiration of the Rental Period, Customer will return the Equipment to the Store Location during United's regular business hours, such Equipment to be in the condition and repair as when delivered to Customer, subject to reasonable wear and tear, as defined below. In the event that United has agreed to pick up the Equipment from Customer, Customer shall notify United in writing that the Equipment is "off rent" and shall obtain an "off rent" confirmation number from United. United shall endeavor to pick up the Equipment within a commercially reasonable period of time after the Equipment is called "off rent." Customer shall be liable for all damages to or loss of the Equipment from the time the Equipment leaves the Store Location until the Equipment is (a) returned to the Store Location, including any damage during transit to or from Customer; or (b) picked up by United after issuance of an "off rent" confirmation number. In the case of the loss or destruction of any Equipment, or inability or failure to return same to United for any reason whatsoever, Customer will pay United the then full replacement list value of the Equipment together with the full rental rate as specified until such Equipment is replaced. If the Equipment is returned in a damaged or excessively worn condition, Customer shall pay United the reasonable cost of repair and pay rental on the Equipment at the regular rental rate until all repairs have been completed. United shall be under no obligation to commence repair work until Customer has paid to United the estimated cost therefor.

10. **REASONABLE WEAR AND TEAR.** Reasonable wear and tear of the Equipment shall mean only the normal deterioration of the Equipment caused by ordinary and reasonable use on a one shift (8 hours per day, 40 hours per week) basis. The following shall not

be deemed reasonable wear and tear: (a) damage resulting from lack of lubrication, insertion of improper fuel, or maintenance of necessary oil, water and air pressure levels; (b) except where United expressly assumes the obligation to service or maintain the Equipment, any damage resulting from lack of servicing or preventative maintenance suggested in the manufacturer's operation and maintenance manual; (c) damage resulting from any collision, overturning, or improper operation, including overloading or exceeding the rated capacity of the Equipment; (d) damage in the nature of dents, bending, tearing, staining, corrosion or misalignment to or of the Equipment or any part thereof; (e) wear resulting from use in excess of shifts for which rented; and (f) any other damage to the Equipment which is not considered ordinary and reasonable in the equipment rental industry. Repairs to the Equipment shall be made to the reasonable satisfaction of United and in a manner which will not adversely affect the operation, manufacturer's design or value of the Equipment

11. **LATE RETURN.** Customer agrees that if the Equipment is not returned by the end of the Rental Period, United, in its sole discretion, may require Customer to do any of the following: (a) continue to pay the rental rate(s) applicable to the Equipment as specified on the front page of this Rental Agreement, (b) for periods less than 24 hours, pay the full daily rental rate applicable to the Equipment, or (c) pay any increased rental rate(s) in effect at the time of, or after, the expiration of the Rental Period.

12. **RENTAL PERIOD / CALCULATION OF CHARGES.** Rental charges commence when the Equipment leaves the Store Location and end when the Equipment is returned to the Store Location during United's regular business hours. Rental charges do not include the cost of fuel, any applicable taxes, cost of delivery and pick-up of the Equipment, transportation surcharges, environmental charges or other miscellaneous charges. In the event that United has agreed to pick up the Equipment from Customer, Customer shall notify United in writing that the Equipment is "off rent" and obtain an "off rent" confirmation number from United, at which time rental charges shall no longer be assessed, unless otherwise provided herein. Rental charges accrue during Saturdays, Sundays and Holidays. Rental rates are for normal usage based on an 8 hour day, 40 hours per week and 160 hours per 4 week period. On power equipment, operations in excess of one shift will be as follows: 1.5 times the rental charges for double shift and 2 times the rental charges for triple shift. Customer will truthfully and accurately certify to United the number of shifts the Equipment was operated. Customer's right to

possess the Equipment terminates on the expiration of the Rental Period and retention of possession after this time is a material breach of this Rental Agreement. TIME IS OF THE ESSENCE.

13. **DEPOSIT.** In addition to securing the payment of rental charges hereunder, Customer agrees that any rental deposit shall be deemed to be a guarantee by Customer of the full and complete performance of each and all of the terms, covenants, and agreements to be performed by Customer hereunder, and in the event of any breach by Customer, the deposit will be credited against any damages, cost or expense incurred by United as a result of the breach.

14. **PAYMENT.** All amounts due hereunder shall be payable in full upon receipt of invoice by Customer. Customer acknowledges that timely payment of rental charges is essential to United's business operations and it would be impractical and extremely difficult to fix the actual damages caused by late payment. Customer and United agree that there shall be added to all past due rental charges a late payment fee equal to the lesser of 2% per month (24% per annum) on any such payments outstanding after 30 days, or the maximum amount allowed by applicable law.

15. **TITLE / NO PURCHASE OPTION / NO LIENS.** This Rental Agreement is not a contract of sale, and title to the Equipment shall at all times remain with United. Unless covered by a specific supplemental agreement signed by United, Customer has no option or right to purchase the Equipment. Customer shall keep the Equipment free and clear of all mechanics and other liens and encumbrances.

16. **TIRE AND TUBE REPAIR OR REPLACEMENT.** Repair or replacement of tires and tubes is the responsibility of Customer, and is not included in the rental rate.

17. **DEFAULT.** Customer shall be deemed to be in default should Customer in any way fail to pay any amount when due hereunder, or to perform, observe or keep any provision of this Rental Agreement, or should Customer become "Insolvent" (as defined herein), or should United anticipate that Customer may become Insolvent or that Customer may otherwise become in default. If Customer is in default, United may do any one or more of the following: (a) terminate the Rental Period; (b) declare the entire amounts due hereunder immediately due and payable and commence legal action therefor; (c) cause United's employees or agents, with notice but without legal process, to enter upon Customer's property

and take all action necessary to retake and repossess the Equipment, and Customer hereby consents to such entry, re-taking and re-possession and hereby waives all claims for damages and losses, physical and pecuniary, caused thereby and shall pay all costs and expenses incurred by United in retaking and repossessing; or (d) pursue any other remedies available by law. Customer shall be considered "Insolvent" if Customer (i) shall generally not pay, or shall be unable to pay, or shall admit its inability or anticipated inability to pay its debts as such debts become due; or (ii) shall make an assignment for the benefit of creditors, or petition or apply to any tribunal for the appointment of a custodian, receiver, or trustee for it or a substantial part of its assets; or (iii) shall commence any proceeding under any bankruptcy, reorganization, arrangement, readjustment of debt, dissolution, or liquidation law or statute of any jurisdiction, whether now or hereafter in effect; or (iv) shall have had any such petition or application filed or any such proceeding commenced against it in which an order for relief is entered or an adjudication or appointment is made; or (v) shall take any action indicating its consent to, approval of, or acquiescence in any such petition, application, proceeding, or order for relief or the appointment of a custodian, receiver, or trustee for all or any substantial part of its properties.

18. **CUSTOMER'S INSURANCE COVERAGE.**

Customer's Insurance Coverage. Customer agrees to maintain and carry, at Customer's sole cost, the following insurance: (a) commercial auto liability insurance with at least a per occurrence limit of \$2 million; (b) commercial general liability insurance ("CGL") (providing coverage equal to or greater than the standard ISO CG 00 01 12 04 form) with limits of insurance not less than \$2 million per occurrence and \$4 million in the aggregate; and (c) property insurance for the full replacement cost of the Equipment, including coverage for all risks of loss or damage to the Equipment. Customer shall obtain insurance policies that provide, or are endorsed to provide, that all insurance required hereunder is primary and non-contributory to any other insurance maintained by United. United shall be named as an additional insured for liability insurance and, if applicable, additional loss payee for property insurance. Any deductibles or self-insured retentions shall be the sole responsibility of the Customer. All insurance required by this agreement shall include a waiver of rights of recovery against United or its insurers by the Customer and its insurers, as well as a waiver of subrogation against United or its insurers. The policies required hereunder shall provide that United must receive not less than 90 days' notice prior to any cancellation.
