RFQ # 05A18082100000000000056

FY2019 School Bus Bid

Quotations/Responses Due: 10/23/2018 not later than 4:00 p.m. local time

Note: *All questions* must be provided via the State of Maine's e-Procurement system: AdvantageME / Vendor Self Service (VSS). *All bid responses* must be provided via the Central Indiana Educational Service Center's (CIESC) website at www.maine.cooppurchase.com.

General Instructions on Bidder Questions

It is the responsibility of each Bidder to examine the entire RFQ and to seek clarification by submitting questions through the Q & A List tab on the Solicitation page. Any answers to questions will appear there as well. It is the vendor's responsibility to log in to view all questions and answers posted. Additional information obtained any other way will not be valid.

In the event that you must contact us for any other reasons than the Q & A previously mentioned, only the Buyer (Donny Crockett) listed on the Solicitation page may be contacted from the time this RFQ is issued until award notification is made. No other person/State employee is empowered to make binding statements regarding this RFQ. Violation of this provision may lead to disqualification from the bidding process, at the State's discretion.

Summary

For this competitive Request for Quotations (RFQ) process, the State of Maine Division of Procurement Services ("Division") is acting on behalf of the **Dept. of Education and all Maine School Districts** ("Requesting Department"). The Division and the Requesting Department seek quotations (also referred to as "bids" or "responses" herein) to provide the goods/services listed above. This document provides instructions and descriptions of requirements for this competitive process.

RFQ REQUIREMENTS

1. Description of Requirements

The following is a description of the goods and/or services sought by the State of Maine under this RFQ.

- **Please see Appendix E on page 15**

2. Bid Contents Requirements

In addition to the cost, delivery, and other information required in VSS, all bids should contain the following information as attachments, in the Appendices listed below:

- **Appendix A: Bid Cover Page (Page 9 of this document)**
- **Appendix B: Debarment & Suspension form (Pages 10-12 of this document)**
- **Appendix C: Maine Business and Economic Impact Consideration Form (Page 13 of this document)**
- **Appendix D: Municipality Political Subdivision and School District Participation Certification (Page 14 of this document)**
- **Product Data/Information Sheets**
- **Warranty Information**

3. Master Agreement Term

In addition to any mutually agreed upon delivery dates for purchases of goods, the contract resulting from this RFQ will have a term, or “Period of Performance”, during which the contract is considered to be in effect. The anticipated contract term is defined in the table below. Please note that the dates below are estimated and may be adjusted as necessary in order to comply with all procedural requirements associated with this RFQ and the contracting process. The actual contract start date will be established by the completed and approved contract. The State reserves the right to make multiple awards as a result of this solicitation.

Contract Renewal: Following the initial term of the contract, the Division may opt to renew the contract for **three** renewal periods of one year each, subject to continued availability of funding and satisfactory delivery/performance.

The term of the anticipated contract(s), resulting from this RFQ, is defined as follows:

Period	Start Date	End Date
Initial Period of Performance	11/1/2018	10/31/2019
Renewal Period #1	11/1/2019	10/31/2020
Renewal Period #2	11/1/2020	10/31/2021
Renewal Period #3	11/1/2021	10/31/2022

4. Submitting a Quotation

- a. **Quotations Due:** Quotations must be received no later than 4:00 p.m. Eastern Standard Time (EST), on the date listed in VSS. Quotations received after the 4:00 p.m. deadline will not be accepted.
- b. **Submission Instructions:** Bidders must submit their online bids in the **CIESC-Maine Bus Purchasing Program**. More information on this system can be found at: www.maine.cooppurchase.com.
- c. **Multiple Quotations:** Unless specifically prohibited in Section 1 of this RFQ, Bidders are permitted to submit multiple quotations for this RFQ, offering alternative items or pricing for the State of Maine to consider in its best value determination.
- d. **Withdrawal of a Quotation:** Bidders are permitted to withdraw their own quotations up until the due date and time for receipt of quotations. Quotations cannot be withdrawn after the due date and time for receipt of quotations.
- e. **Attachments:** Any attachments provided with the CIESC bid submission must be in MS Word, MS Excel, or Adobe (.pdf) format, unless otherwise specified in Section 1 of this RFQ. Vendors are encouraged to submit supporting documentation that aid the requesting department in understanding how the bid conforms to the requirements.
- f. **Vendor specifications:** Unless otherwise stated in this RFQ document, limited specification information will be required upon submission of a bid in response to this RFQ. However, a Bidder's response should include an affirmative statement that their bid complies with all requirements of this RFQ, unless the Bidder specifically addresses how its bid differs from the specifications, and why the differences should be deemed acceptable by the State.

5. General Instructions

- a. The Bidder must submit a cost quotation response that covers the goods and term of the contract, including any optional renewal.
- b. The cost quotation shall include the costs necessary for the Bidder to fully comply with the contract terms and conditions and RFQ requirements.
- c. Failure to provide the requested information may result in the exclusion of the quotation from consideration, at the discretion of the Division.
- d. No costs related to the preparation of the quotation for this RFQ or to the negotiation of the contract with the Department may be included in the quotation.
- e. The State is exempt from the payment of Federal, State and local Taxes on articles not for resale. Please provide quotations that do not include these taxes. Upon application, an exemption certificate can be furnished by the State at the point of contract finalization.

6. Quotation Evaluation and Selection

Evaluation of the submitted quotations shall be accomplished as detailed below:

- a. State of Maine RFQ documents are evaluated on a **Best Value** basis. The term "Best Value" may take into consideration the qualities of the goods or services to be supplied, their conformity with the specifications listed in the RFQ, the purposes for which they are required, the date of delivery, and the best interest of the State. Once the goods or services have been determined to conform to the specifications then the Division will make its award decision based on the lowest price among the Bidders. Delivery days can be a factor in awarding.

- b. The State reserves the right to not make an award to the lowest price bidder when that bidder has had documented poor performance and/or a contract terminated or not renewed within the last five years.
- c. At the discretion of the Division, if a Bidder’s submission is deemed to not conform to the specifications listed in the RFQ, or otherwise not conform to the requirements of the RFQ, then that Bidder’s submission may not be considered for contract award.
- d. In the event that no Bidder submission conforms to the specifications of this RFQ, then the Division may choose not to make any award. Alternatively, the Division may make an award to the Best Value Bidder whose specifications *most closely meet* the specifications of this RFQ. For example, if there are five specification requirements, and two responses are received with one Bidder meeting four requirements, and one bidder meeting three requirements, then the Division, at its discretion, may make a contract award to the Bidder meeting four requirements.
- e. If the specifications provided with this RFQ are of a technical nature, then the Division’s RFQ Coordinator, at his or her discretion, may seek to use an evaluation team comprised of subject matter experts, end-users from the Requesting Department, or other State Department representatives. In such a case, the evaluation team will judge the merits of the quotations received in accordance with the best value criteria defined in the RFQ.
- f. **Maine Business and Economic Impact Consideration**
Using **Appendix C** (Maine Business and Economic Impact Consideration Form), the Bidder (Bidder identified on the “Bid Cover Page” - **Appendix A**) is required to describe the Bidder’s investment in the State of Maine as reported on the most recently completed IRS form W-2. Consideration of this information in making contract award decisions is required in accordance with Executive Order 2017-003, which states “Evaluators of competitive bids for goods and services shall give consideration to the investment in the State by business enterprises as a best-value criterion.” The State reserves the right to verify this information at any time during the evaluation process or after.

The Maine Business and Economic Impact Consideration will allow up to a 10% reduction in a Bidder’s submitted price for comparison purposes when determining award. The exact percentage will be determined using the information provided by Bidders on their submitted Maine Business and Economic Impact Consideration Form (**Appendix C**) compared to the percentage breakdowns below:

Maine Business Analysis	Percentage
Average Percentage of Maine Business Impact - 1 to 74%	2%
Average Percentage of Maine Business Impact - 75 to 100%	4%

Maine Economic Impact	Percentage
Sum of Maine Economic Analysis - \$1 to \$1,000,000	2%
Sum of Maine Economic Analysis - \$1,000,001 to \$10,000,000	4%
Sum of Maine Economic Analysis - over \$10,000,000	6%

The percentages from both Maine Business Analysis and Maine Economic Impact will be combined for a Bidder’s total percentage reduction in price. For example, if a Bidder has a “Average Percentage of Maine Business Impact - 1 to 74%” in Maine Business Analysis and a “Sum of Maine Economic Analysis - \$1,000,001 to \$10,000,000” in Maine Economic Impact, their total percentage reduction for price comparison would be 6% (2% + 4%).

7. Negotiations

- a. No Best and Final Offers: The State of Maine will not seek a best and final offer (BAFO) from any Bidder in this procurement process. All Bidders are expected to provide their Best Value pricing with the submission of their quotation.
- b. The Division reserves the right to negotiate with the successful Bidder to finalize a contract at the same rate or cost of goods and services as presented in the selected quotation. Such negotiations may not significantly vary the content, nature or requirements of the quotation or the RFQ to an extent that may affect the price of goods or services requested. The Division reserves the right to terminate contract negotiations with a selected Bidder who submits a proposed contract significantly different from the quotation submitted in response to the RFQ.
- c. In the event that an acceptable contract cannot be negotiated with the highest ranked Bidder, the Division may withdraw its award and negotiate with the next-highest ranked Bidder, and so on, until an acceptable contract has been finalized. Alternatively, the Division may cancel the RFQ, at its sole discretion.

TERMS AND CONDITIONS FOR RFQ AND CONTRACT

PART I GENERAL INFORMATION ON RFQs

A. Purpose and Background

The State of Maine (“State”) Department of Administrative and Financial Services (“Department”), Bureau of Business Management (“Bureau”), Division of Procurement Services (“Division”) acts as the purchasing agent on behalf of all Executive Departments and other agencies within State Government. For this competitive Request for Quotations (RFQ) process, the Division is acting on behalf of the Requesting Department listed on the cover page. The Division and the Requesting Department seek quotations (also referred to as “bids” or “responses” herein) to provide the goods/services as defined above in Section 1 of this document. This document provides instructions for submitting quotations, the procedure and criteria by which the Bidder(s) will be selected, and the contractual terms which will govern the relationship between the State and the awarded Bidder(s). Following Bidder selection and upon reaching a mutual agreement, the State and the selected Bidder(s) will enter into a contract – taking the form of a State of Maine Master Agreement (generally referred to as “contract” herein).

B. General Provisions

1. Issuance of this RFQ does not commit the Division or the Requesting Department to issue an award or to pay expenses incurred by a Bidder in the preparation of a response to this RFQ. This includes attendance at personal interviews or other meetings and software or system demonstrations, where applicable.
2. All responses to this RFQ should adhere to the instructions and format requirements outlined in this RFQ and all written supplements and amendments (such as the Division’s answers to the Bidders’ questions submitted through the VSS), as issued by the Division. Responses are to follow the format and respond to all questions and instructions specified above in the “Submitting a Quotation” section of this RFQ.
3. Bidders shall take careful note that in evaluating a quotation submitted in response to this RFQ, the Department may consider materials provided in the quotation, information obtained through interviews/presentations (if any), and internal information of previous contract history between the Division and the Bidder (if any). The Division also reserves the right to consider other reliable references and publicly available information available in evaluating a Bidder’s experience and capabilities, if needed. All responses to this RFQ shall be considered to be authorized to legally bind the Bidder, and if selected for award, shall contain or be considered to contain a statement that the quotation and the pricing contained therein will remain valid and binding for a period of at least 180 days from the date and time of the bid opening.
4. The RFQ and the selected Bidder’s quotation, including all appendices or attachments, may be incorporated in the final contract.
5. Following announcement of an award decision, all submissions in response to this RFQ will be considered public records available for public inspection pursuant to the State of Maine Freedom of Access Act (FOAA) (1 M.R.S. §§ 401 et seq.).
<http://www.mainelegislature.org/legis/statutes/1/title1sec401.html>
6. The Division, at its sole discretion, reserves the right to recognize and waive minor informalities and irregularities found in quotations received in response to this RFQ.

7. The Division reserves the right to authorize other State Departments to use the contract(s) resulting from this RFQ, if it is deemed to be beneficial for the State to do so.
8. All applicable laws, whether or not herein contained, shall be included by this reference. It shall be Bidder's responsibility to determine the applicability and requirements of any such laws and to abide by them.

C. Eligibility to Submit Bids

Public agencies, private for-profit companies, and non-profit companies and institutions are invited to submit bids in response to State of Maine Requests for Quotations.

D. Delivery Terms

For the purchase of goods, the Division and selected Bidder will decide upon a delivery date in accordance with the State's requirements and the terms offered in the Bidder's quotation. *Unless stated otherwise in Section 1 of this RFQ, all deliveries are expected with shipping terms of "Free on Board (FOB) – Destination"*. The State intends for this to mean that all goods shall be priced in the bid response to include shipping charges, if any, to the State's desired location. The "FOB – Destination" shipping term is also intended to mean that the State shall not bear any responsibility for the goods in question until the State takes possession of them at the destination point of delivery.

E. Alternate Bids and Approved Equals

When, in bid forms and specifications, an article or material is identified by using a trade name and catalog number of a manufacturer or vendor, the term "or approved equal," if not inserted with the identification, is implied. Any Bidder that seeks to propose an alternate item from what is specified in this RFQ should refer to State of Maine Statute 5 MRSA §1825-B, for "Bids, awards and contracts", found here: <http://www.mainelegislature.org/legis/statutes/5/title5sec1825-B.html>

F. Appeal of Contract Awards

Any person aggrieved by the award decision that results from this RFQ may appeal the decision to the Director of the Bureau of General Services in the manner prescribed in 5 MRSA § 1825-E and 18-554 Code of Maine Rules, Chapter 120 (found here: <http://www.maine.gov/purchases/policies/120.shtml>). The appeal must be in writing and filed with the Director of the Bureau of General Services, 9 State House Station, Augusta, Maine, 04333-0009 within 15 calendar days of receipt of notification of contract award.

If this RFQ results in the creation of a pre-qualified or pre-approved list of vendors, then the appeal procedures mentioned above are available upon the original determination of that vendor list, but not during subsequent competitive procedures involving only the pre-qualified or pre-approved list participants.

PART II CONTRACT ADMINISTRATION AND CONDITIONS

A. Contract Document

The successful Bidder will be required to execute a contract in the form of a State of Maine Master Agreement.

The Standard Terms and Conditions used with the aforementioned contract type may be found on the Division of Procurement Services' website at the following link:

http://www.maine.gov/purchases/info/forms/BPO_General_Terms.doc

In the event that the State of Maine's Standard Terms and Conditions or RFQ provisions do not otherwise cover contractual scenarios that are specific to the goods or services being purchased under this RFQ, then the State is willing to consider a Bidder's standard terms and conditions. Consideration or use of a Bidder's standard terms and conditions shall only occur under the general agreement that in the event of a conflict, the State of Maine's Standard Terms and Conditions and RFQ provisions shall take precedence.

Other forms and contract documents commonly used by the State can be found on the Division of Procurement Services' website at the following link:

<http://www.maine.gov/purchases/info/forms.shtml>

B. Independent Capacity

In providing services and performing under the contract, the successful Bidder shall act independently and not as an agent of the State of Maine.

C. Payments and Other Provisions

The State anticipates that Maine School Districts will be paying the selected Bidder for goods and services received, on the basis of net 30 payment terms, upon the receipt of an accurate and acceptable invoice. An invoice will be considered accurate and acceptable if it contains a reference to the State of Maine contract number, contains correct pricing information relative to the contract, and provides any required supporting documents, as applicable, and any other specific and agreed-upon requirements listed within the contract that results from this RFQ.

The State of Maine **and Maine School Districts** reserve the right to pay for goods purchased through this solicitation by any of several available means, which include but may not be limited to check, EFT, and/or procurement card. Bidders are advised that state statute precludes sellers from imposing a surcharge on credit or debit card purchases (text follows):

“9-A MRS §8-509 (1): A seller in a sales transaction may not impose a surcharge on a cardholder who elects to use a credit card or debit card in lieu of payment by cash, check or similar means.”

Certification Regarding
Debarment, Suspension and Other Responsibility Matters
Primary covered Transactions

This Certification is required by the Regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98.510, Participants’ Responsibilities. The Regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211).

(BEFORE SIGNING THIS CERTIFICATION, PLEASE READ THE ATTACHED INSTRUCTIONS WHICH ARE AN INTEGRAL PART OF THE CERTIFICATION)

1. The prospective primary participant certifies to the best of its knowledge and belief that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction, violation of Federal or State anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - c. Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1.b of this Certification; and
 - d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the Certification set out below.
2. The inability of a person to provide the Certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the Certification set out below. The Certification or explanation will be considered in connection with the State of Maine determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a Certification or an explanation shall disqualify such person from participation in this transaction.
3. The Certification in this clause is material representation of fact upon which reliance was placed when the State of Maine determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous Certification, in addition to other remedies available to the Federal Government, the State of Maine may terminate this transaction for cause of default.
4. The prospective primary participant shall provide immediate written notice to the State of Maine if at any time the prospective primary participant learns its Certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms “covered transaction”, “debarred”, “suspended”, “ineligible”, “lower tier covered transaction”, “participant”, “person”, “primary covered transaction”, “principal”, “proposal”, and “voluntarily excluded”, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the State of Maine for assistance in obtaining a copy of these regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the State of Maine.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions” provided by the State of Maine, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Lists of Parties Excluded from Procurement or Nonprocurement Programs.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the State of Maine may terminate this transaction for cause or default.

DETAILED SPECIFICATIONS

RFQ # 05A18082100000000000056

2018-19 School Bus Bid

The State of Maine is seeking bids for school buses:

- Class A-1 & A-2
- Conventional
- Ford Transit
- Class D, Front Engine
- Class D, Rear Engine

Base bus specifications with options can be found in the CIESC system for the Maine Bus Purchase Program at:

www.maine.cooppurchase.com

All Buses must meet the minimum standards per the below statements/links:

- Federal
 - All school buses must meet all applicable Federal Motor Vehicle Safety Standards (FMVSS's) and all applicable State and Federal Laws.
- National
 - National School Transportation Specifications and Procedures 2015.
 - <http://www.nasdpts.org/ncstonline/Documents/NCST%202015%20Specifications%20and%20Procedures%2011.1.16.pdf>
- State
 - Code of Maine Regulations (05-071 CMR Chapter 86) Maine Uniform School Bus Specifications https://www.maine.gov/doe/transportation/laws/Chapter%2086_FINAL_Effective%20090617_082817.docx.pdf

Vendors must meet all base bus specifications. For instance, if 3M Scotchlite Diamond Grade reflective tape is specified, every vendor must supply this item as specified. This applies to everything in the base bus specifications. By responding to this invitation to bid, each vendor hereby certifies to CIESC, the State of Maine and the school districts that it meets ALL of the base bus specifications outlined in this invitation to bid.

Vendors may not delete, change, modify or substitute a part or product from the base bus specifications, except as permitted by the bus specification options. Furthermore, vendors may not modify bus specification options. In other words, Vendors may not add new options to its proposal that are not otherwise found on the bus specification options list. A vendor may not list an item as not available or change their price and then add it as a dealer negotiated item. If a vendor does N/A an option and adds it back as a dealer negotiated item and the district purchases that bus, said vendor may be prohibited from bidding on that style of bus on the next State of Maine CIESC bid. Notwithstanding the above, if you have a concern with the base bus specifications and/or bus specification options and you require a clarification, please ask through the Q&A in VSS. Issues deemed to need correction or clarification will have the answer provided there as well.

The vendors shall provide copies of all warranties that are included in the base price of the bus. Extended warranty options are only for warranties that are an additional cost to the customer as an option and shall not have a value of “NC”, “SE” or “0”. Prices entered by vendors will be monitored by comparing to past history or comparable levels of similar warranties.

CLARIFICATION REGARDING SCHOOL BUS PURCHASES AND COMPETITIVE BIDDING

Department of Education Rule Chapter 81, Section 081.1(C) states that "competitive bidding must be accomplished for all school bus purchases." To clarify, in order for a school bus purchase to be eligible for State subsidy, the SAU must either (1) purchase the bus from the bidder selected through the State school bus RFQ or (2) provide evidence to the Department that the purchase was the result of a competitive bidding process conducted by the SAU. All interested, qualified bidders must be allowed to submit bids in response to the State's RFQ as well as in any local competitive bidding process. Bus purchases from bidders who did not participate in either the State or local competitive bidding process will not be eligible for State subsidy.

It is the State of Maine’s intent to make multiple awards on this bid. Awards will be made to each manufacturer that is deemed responsible and responsive. Each individual school district will then have the opportunity to purchase the overall lowest priced bus or the bus that best suits the individual needs of that district.

Provide all base bus specifications and option prices in whole dollars (no cents). In responding to this invitation to bid, each vendor must complete each field in the base bus specifications and in the bus specification options. If a field is left blank, it will be deemed a “No Bid.” An entry must be included in each price field. Therefore, if a field in the base bus specifications or bus specification options is left blank, the entire proposal may be rejected on that basis. Vendors will not be contacted regarding incomplete or incorrect bid submissions. A bid will be considered non-responsive if required information is not provided.

Role of CIESC

This bid is under the auspices of the CIESC. CIESC’s sole responsibility in the bus purchasing program is to solicit bids from vendors, inform the State of Maine of the bid results, and assist in coordinating the purchase of buses. Neither CIESC nor the State of Maine, are responsible for delivery arrangements or for payment by participating school districts to vendors.

The role of the CIESC in the bid review process is limited to compiling a vendor price list for the State of Maine. CIESC is not verifying or guaranteeing that the vendors have met the base bus specifications. CIESC is simply a clearing house for the bids in order to create a spreadsheet to enable the State of Maine and its school districts to compare the various prices and options offered by each vendor, i.e., did the Vendor provide a price or a “N/A” response for each Option? As such, a Vendor’s bid is not deemed “accepted” even if the CIESC places the vendor on the comparison spreadsheet. It is not “accepted” until an award has been made in the form of a State of Maine Master Agreement. It is the intent of the CIESC to summarize the bids and publish the results as soon as possible following the bid opening. Bid results are issued to participating school districts that utilize this aggregate school bus purchasing program to design and purchase buses to meet their particular needs.

DIRECTIONS FOR USING THE CIESC SOFTWARE PROGRAM

1. Go to the CIESC purchasing web site: <https://www.cooppurchase.com>
2. Select vendor login and insert your user name and password.
3. Go to Bid Documents
4. Click “Bid Documents” from menu
5. Click “**FY2019 School Bus Bid**” from list.
6. Here you will find the Notice to Bidders, Forms and Specifications spread sheet for you to download.

7. After you download documents you can Click on "Response" or go to the "Bid Response" in the pull-down menu to enter your bid.
8. Click "Participate" to indicate you intend to bid.
9. In the first box all of the bid sheets will be available.
10. Click the product category that you want to insert pricing on.
11. Under the base price unlock those categories that you will be bidding on. You should see the column for that product appear below in the options area.
12. If you are not bidding a product style or a bus size within a bus style, lock that product so the column does not appear.
13. Specify the prices or availability for each product configuration option. Valid option values are a **dollar value** (positive or negative) indicating the cost of the option, "**SE**" (Standard Equipment), "**NA**" (Not Available or Not Applicable), or "**NC**" (No Charge, same as \$0). You can type in these valid options, or right-click to choose among them.
14. To save time entering information for the different product configurations in that category and the option value is the same, you may enter the value for the option in the "Copy to All" column and it will copy to each product category.
15. When completed with prices for a product category, click Save. NOTE: Work in progress can be saved at any step in the entry process. You may save, leave the program, and return at any point.
16. If you would like to make a comment on a specific cell, right click on the cell and you will be asked if you would like to add a comment. The corner of the cell will turn red to alert that a comment has been added. Buyers will be able to see the comments when building a specification by hovering over the cell. These comments will also be visible on the "conflict resolution" on the price comparison and purchase pages.
17. Repeat the process for all bus styles and sizes. The program requires **all** price cells to be filled in for those categories that you are bidding on.
18. In the "Forms" section please fill out the "Contact Information" for your company.
19. Upload the signed forms in a PDF format. Please send the original Non-Collusion Affidavit and Bid Signature Page to the CIESC.
20. Upload all of your support documents.
21. Add all of your stock units to program if you are including them.
22. When all of the boxes are green you are ready to click on "Finalize Submission".
23. After you finalize your submission you can then click on "Download Submission". This will give you your complete bid including bid sheets in zip file for your records.
- 24. After you finalize your submission you can come back and make changes up to the time of the bid opening. Just remember to make a new download of your submission for your records.**
25. If you have any problems with any of these steps, please contact CIESC for further instructions.

WARRANTY

Our comprehensive warranty plans mean more than a commitment to you. They're also a commitment to the value of your vehicle.

2018 Chevrolet and GMC New Vehicle Limited Warranty

All 2018 Chevrolet and GMC passenger car and light-duty truck owners are covered by a New Vehicle Limited Warranty and services that include the following:

2018 Chevrolet and GMC Powertrain Limited Warranty

All 2018 Chevrolet and GMC vehicles come with our Powertrain Limited Warranty, which is 5 years/100,000 miles¹ for customers with a qualifying fleet account(s), 5 years/60,000 miles² for retail buyers, and 5 years/100,000 miles² for HD diesel pickups.

All Powertrain Limited Warranties come with the following:

- \$0 deductible
- Transferability to another owner at no charge

Bumper-to-Bumper Limited Warranty

- The 3-year/36,000-mile (whichever comes first)³ limited warranty, with no deductible, covers repairs for all Chevrolet and GMC vehicles, including labor and parts, to correct most defects in materials or workmanship occurring during the warranty period.
- Hybrid vehicles have separate component-specific coverage.⁴

Chevrolet and GMC Roadside Assistance and Courtesy Transportation

- If you are a customer with a qualifying fleet account(s) and your Chevrolet or GMC vehicle requires powertrain warranty repairs during the 5-year/100,000-mile¹ coverage period, alternate transportation and/or reimbursement of certain transportation expenses are available under the Courtesy Transportation Program.⁵
- If you are a retail buyer and your Chevrolet or GMC vehicle requires powertrain warranty repairs during the 5-year/60,000-mile² coverage period, alternate transportation and/or reimbursement of certain transportation expenses are available under the Courtesy Transportation Program.⁵
- If your Chevrolet or GMC HD diesel pickup requires powertrain warranty repairs during the 5-year/100,000-mile² coverage period, alternate transportation and/or reimbursement of certain transportation expenses are available under the Courtesy Transportation Program.⁵
- Roadside Assistance⁶ and Courtesy Transportation⁵ are available for warranty repairs on

certain hybrid components for 8 years/100,000 miles.⁴

- Courtesy Transportation⁵ is not part of or included in the coverage provided by the New Vehicle Limited Warranty. It excludes vehicles in daily and long-term rental service. General Motors and General Motors of Canada Limited reserve the right to make any changes or discontinue the Courtesy Transportation Program⁵ at any time without notification.

Chevrolet and GMC Maintenance

Your 2018 vehicle is covered by Chevrolet Complete Care³ or GMC Pro Grade Protection,³ which includes two maintenance visits.⁷ Included services are:

- Oil and filter change
- 4-wheel tire rotation (single axle only)⁸
- Multi-Point Vehicle Inspection

2018 Buick New Vehicle Limited Warranty

All 2018 Buick vehicles are covered by a New Vehicle Limited Warranty and services that include the following:

2018 Buick Powertrain Limited Warranty

All 2018 Buick vehicles come with our Powertrain Limited Warranty, which is 6 years/70,000 miles.² All Powertrain Limited Warranties come with the following:

- \$0 deductible
- Transferability to another owner at no charge

Bumper-to-Bumper Coverage

- A 4-year/50,000-mile (whichever comes first)³ limited warranty with no deductible covers repairs for Buick vehicles, including labor and parts, to correct most defects in materials or workmanship occurring during the warranty period.
- Hybrid vehicles have separate component-specific coverage.⁴

Buick Roadside Assistance and Courtesy Transportation

- For Buick vehicles requiring powertrain warranty repairs during the 6-year/70,000-mile² coverage period, alternate transportation and/or reimbursement of certain transportation expenses are available under the Courtesy Transportation Program.⁵
- Roadside Assistance⁶ and Courtesy Transportation⁵ are available for warranty repairs on certain hybrid components for 8 years/100,000 miles.⁴
- Courtesy Transportation⁵ is not part of or included in the coverage provided by the New-Vehicle Limited Warranty. It excludes vehicles in daily and long-term rental service. General Motors and General Motors of Canada Limited reserve the right to make any changes or discontinue the Courtesy Transportation Program⁵ at any time without notification.

Buick Maintenance

Your 2018 vehicle is covered by the Experience Buick Protection Program, which includes two maintenance visits.⁷ Included services are:

- Oil and filter change
- 4-wheel tire rotation
- Multi-Point Vehicle Inspection

Ownership of a Cadillac encompasses the highest standard of privileges and benefits in addition to the renowned Cadillac Gold Key Delivery System, as listed below.

Premium Care Maintenance

Cadillac Premium Care Maintenance covers routine maintenance services, when scheduled in accordance with the owner manual, including:

- Oil changes based on the vehicle's Oil Life Monitor System.
- Tire rotation every 7,500 miles (12,000 km).

- Engine air cleaner filter replacement.
- Passenger compartment air filter replacement.
- Multi-point vehicle inspection (MPVI) performed by a qualified technician.

24-Hour Customer Assistance

Contact Cadillac by calling the Customer Assistance Center at 1-800-458-8006, or through our website at cadillac.com. Our trained professionals are available to assist with any question or concern — 24 hours a day, 365 days a year.

Cadillac Roadside Service

- Cadillac is proud to offer the response, security, and convenience of Cadillac's 24-Hour Roadside Service Program for a period of 6 years/70,000 miles, whichever comes first.³
- Contact Cadillac Roadside Assistance at 1-800-882-1112.
- Trip-Interruption Protection.
- If your trip is interrupted due to a powertrain warranty failure, incidental expenses may be reimbursed during the 6-year/70,000-mile (whichever comes first)³ Powertrain Limited Warranty period. Items considered are hotel, meals, and rental car. Consult your dealer for details.

Warranty Protection

- 6-year/70,000-mile Powertrain Limited Warranty² - not applicable to Cadillac Professional vehicles.
- For Cadillac Professional Vehicle Protection Plan details, download the PDF to the right.
- The Cadillac Bumper-to-Bumper New Vehicle Limited Warranty covers the vehicle for 4 years/50,000 miles, whichever comes first, with no deductible.³
- Sheet metal panels are covered against corrosion and rust-through as follows:

Corrosion: Body sheet metal panels⁹ are covered against rust for 4 years or 50,000 miles, whichever comes first.³

Rust-Through: Any body sheet metal panel that rusts through (an actual hole in the sheet metal) is covered for up to 6 years, unlimited mileage.

Important: Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in sheet metal coverage.

- Consult your dealer for details.

Gold Key Delivery

The Sales Consultant will conduct a thorough inspection, provide a complete tour of the new Cadillac and then present a package of ownership materials.

Medium Duty

For more information about service, contact the General Motors Medium Duty Business Center at 1-800-633-4863.

The following warranty information is intended as an overview only for on-highway truck applications. Warranties are valid on original equipment only; upfitted components are not covered. For complete detailed warranty coverage and eligibilities, refer to your General Motors Warranty Booklet and individual component supplier warranty information.

Warranty Coverage at a Glance

Warranty coverage applies up to the time or mileage limitation, whichever comes first.³ The warranty remains with the vehicle regardless of ownership.

WARRANTY ADMIN GUIDANCE 20170216

Allison Warranty

In Dealer Memo 16-94 Blue Bird announced an enhancement by Allison Transmissions to extend their warranty coverage to 7 years with no odometer limit. Allison's extended coverage is applicable to specific 2000 PTS series transmissions shipped to Blue Bird on/after January 1, 2017.

Included with this WAG is a letter from Allison that describes the details of the new coverage.

This WAG, the Allison Letter & a list of 2017 shipments have been posted to Blue Bird Vantage>Warranty>Administration & Procedures>WAGs. Dealers may use the shipments list to determine which transmissions will have the 7 years Allison warranty coverage. Dealers may lookup the transmission serial number for a body number from the Vantage Unit Dashboard, then search the list to see if the serial number has the 7 years warranty. If the serial number is not found in the list, the transmission will have the standard 3 years Allison warranty + the additional 1 or 2 years Allison Partnership warranty, as described in the 2017 Allison ETC Warranty Guide II, which may be found in Blue Bird Vantage>Warranty>Other Manufacturer Info>Warranty Statements.

Please forward this information to all representatives in your company that needs this information. If any questions, please direct them to warranty@blue-bird.com.

Limited Warranty: Silver 3/10 - Buses with Option 31300-26

If acquired, this warranty is in lieu of the standard limited warranty. This warranty is applicable to Blue Bird bus products T3FE, T3RE and BBCV built on or after August 29, 2016 specifically for and operated in the United States of America, Canada, Puerto Rico, U.S. Virgin Islands, Guam, and American Samoa.

Blue Bird Body Company (Blue Bird) warrants each bus to be free from defects in material and workmanship under normal use and service within the specified limits below. The warranty period begins either on the Delivery Date of the bus to the original user or on the Manufacture Date of the bus. Blue Bird's obligation is limited to the repair or replacement of such parts as shall, under normal use and service, appear to be defective in workmanship or material.

1. For ten years from Delivery Date:

- Front steer axle, including kingpin assembly, steering arm assembly, and upper and lower steering knuckle assembly, excluding kingpin bushings, kingpin wear, thrust bearings, tie rods and tie rod ends, brakes and axle end components.

2. For five years from Delivery Date:

- Paint adhesion, interior and exterior body shell (components forming side walls, roof, front and rear sections), doors (entrance, exit, emergency, compartments), BBCV hoods, and front and rear bumpers.
- Blue Bird radio, speakers and microphone.

3. For five years from Delivery Date, or 100,000 miles (160,000 km), whichever occurs first:

- Chassis frame rails and cross-members, structural integrity (breaking or cracking).
- Body shell (metal components welded or riveted together to form floor, side walls, roof, front and rear sections), structural integrity (breaking or cracking)
- School bus seat frames and barrier frames, structural integrity (breaking or cracking).
- Blue Bird emissions components comply with U.S. federal emissions regulations effective at the Manufacture Date and free of defects in material or workmanship which would cause them not to meet U.S. federal emissions regulations. Refer to the engine manufacturer's limited warranty statement for emissions warranty coverage by the engine manufacturer.
- Body Control Module (BCM).

4. For four years from Delivery Date, or 50,000 miles (80,000 km), whichever occurs first:

- Rear axle assembly and differential, excluding brakes and axle end components.

6. For three years from Manufacture Date:

- Paint gloss. Gloss reading shall not drop below 60 on 60⁰ meter (70% of initial gloss).
- Paint color retention. Color coat shall not shift colors more than 4ΔE from the centroid of the national standard.

7. For three years from Delivery Date:

- All other components not specified above, excluding engines, propane fuel systems, automatic transmissions, wheelchair lifts, non-Blue Bird air conditioners, and batteries. The warranties of the excluded components are the responsibility of the respective manufacturers, and are not a part of Blue Bird's limited warranty.

Your Blue Bird Dealer will register the bus with Blue Bird and can assist with registering components that are warranted by the component manufacturers. During the warranty period, this warranty is transferable to subsequent Owners-Operator in the U.S.A. or Canada.

THIS LIMITED WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES EXPRESSED OR IMPLIED AND ALL OTHER OBLIGATIONS OR LIABILITIES. NO PERSON, INCLUDING SALESPERSONS, DEALERS, OR FACTORY REPRESENTATIVES OF BLUE BIRD, IS AUTHORIZED TO MAKE ANY REPRESENTATION OR WARRANTY CONCERNING BLUE BIRD PRODUCTS EXCEPT TO REFER PURCHASERS TO THIS LIMITED WARRANTY. BLUE BIRD MAKES NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. BLUE BIRD SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Obtaining Warranty Service

Contact your Blue Bird Dealer immediately upon discovery of a defect and within the warranty period. Your Blue Bird Dealer will help arrange for repairs by the Dealer or another qualified repair facility. Defects must be repaired immediately upon discovery and within the warranty period. It is the responsibility of the Owner-Operator to return the bus to the Blue Bird Dealer, or a qualified repair facility authorized by the Blue Bird Dealer. The Owner-Operator is responsible for operating and maintaining the bus as described in the Driver Handbook and Service Manual. The Owner-Operator shall retain all maintenance records, and present them to the Blue Bird Dealer or the component manufacturer, if requested.

If the defective component is warranted by Blue Bird and the repair is performed by the Blue Bird Dealer, the Blue Bird Dealer will prepare and submit a warranty claim to Blue Bird.

If the defective component is warranted by Blue Bird and the repair is performed by the Owner-Operator or another qualified repair facility, detailed labor and parts invoices must be sent to the Blue Bird Dealer not later than 30 days after the repair date. The Blue Bird Dealer will prepare and submit a warranty claim to Blue Bird.

If the defective component is warranted by the component manufacturer and the repair is performed by the component manufacturer's authorized repair facility, the repair facility will prepare and submit a warranty claim to the component manufacturer.

Limitations and Exclusions

In addition to the limitations described on the previous pages, items specifically not covered include, but are not limited to:

- Engines, automatic transmissions, wheelchair lifts, air conditioners (other than Blue Bird Air™ system), tires, and batteries. The limited warranties for these components are provided solely by and are the responsibility of the component manufacturers and are not a part of Blue Bird's limited warranty.
- Loss of use and incidental consequential expenses, including but not limited to commercial loss, loss of commercial fares, driver time or pay, lease or rental of substitute vehicle, storage, lodging, meals, telephone calls, and other travel costs.
- Any parts or components which must be repaired, replaced, or adjusted during the warranty period due to wear, wear-out, or consumption, including but not limited to brake pads and linings, drums and rotors, wiper blades, light bulbs, filters, lubricants, fluids, belts, bearings other than those specifically covered by the limited warranty, suspension pins and bushings, batteries, worn seat covers, worn steptreads and floor covering, worn door and window seals, discharged fire extinguishers, damaged (scratched, cracked) gauge and light lenses, and tires. Wear not only includes friction-type wear but can also include environmental deterioration including but not limited to surface corrosion on exhaust pipes or clamps and brake drums or rotors, as well as fading, cracking, or discoloration of seat covers caused by U.V.
- Maintenance including but not limited to tightening loose fasteners, axle and wheel alignments, wheel-balancing, tightening body tie-downs, door adjustments, tightening hose clamps, and sealing or caulking windows, doors, roof hatches, and lights.
- Any parts or components which must be repaired, replaced or adjusted during the warranty period as a result of accident damage, abnormal operation, misuse, or abuse, including but not limited to excessive operation on unpaved or unmaintained roads, operation on cross-country trails or off-road conditions, collision, fire, vandalism, explosion, objects striking the vehicle, theft, freezing, riot, or flood.
- Paint adhesion, gloss, or color failures resulting from accidents or abrasions, road chemicals, caustic detergents or cleaners, or improper maintenance. Paint adhesion failures, whether warrantable defects or non-warrantable events, which are not repaired immediately upon discovery of the failure, may deteriorate the finish or panels underneath. Surface corrosion or other progressive deterioration resulting from failure to paint adhesion failures immediately is not covered by this warranty. Contact your Blue Bird Dealer before making any repairs to the paint finish.
- Paint gloss and color failures without evidence of proper care and maintenance, as recommended in the Driver Handbook, or repairs to correct paint gloss or color failures without preapproval by Blue Bird. Contact your Blue Bird Dealer before making any repairs to the paint finish.
- Vehicle modifications or equipment installations performed without the written approval of Blue Bird. To the extent the modifications or equipment installations adversely affect other vehicle components or performance, Blue Bird shall not accept any product liability or claims under the terms of the limited warranty. These claims become the sole responsibility of the company performing the modifications or installations.

- Transportation expenses to deliver the bus to a Blue Bird Dealer or nearest qualified repair facility, including but not limited to, fuel, driver time or pay, mileage and towing.
- Repairs to parts or components which have been previously replaced with parts not obtained from Blue Bird or failures caused by non-Blue Bird parts or components. Rework of repairs not performed by or approved by a Blue Bird Dealer.
- Excessive labor hours, premium labor costs, overtime labor costs, or local taxes. This limited warranty covers reasonable labor to perform replacement or repair.
- Defects not reported to a Blue Bird Dealer and repaired during the warranty period. Repairs are to be made immediately upon discovery of the defect.
- Damage caused by using improper or contaminated fluids, including but not limited to fuels, lubricants, and coolants. Damage caused by using fluids which do not meet Blue Bird's or the Manufacturers' minimum recommendations. Damage caused by the lack of fluids or improper fluid maintenance.
- Using non-Blue Bird service parts. Usage of non-Blue Bird parts will affect future warranty coverage.
- Overloading beyond the normal seated and standee capacity voids all warranties.

Blue Bird reserves the right to make changes in design and changes or improvements upon its products without imposing any obligations upon itself to install the same upon products theretofore manufactured. Any suit alleging a breach of this limited warranty or of any other alleged warranty, including any claim for rescission or revocation of acceptance, must be filed within one year of breach.

Controlling Law and Severability

This limited warranty shall be governed by and construed in accordance with the laws of the State of Georgia, U.S.A. The Owner-Operator agrees and consents to the exclusive jurisdiction of the courts of the State of Georgia for all purposes regarding this limited warranty and further agrees and consents that venue of any action involving this limited warranty or any other alleged warranty, including any claim for rescission or revocation of acceptance, shall be exclusively in Peach County, Georgia. Owner-Operator hereby submits to personal jurisdiction in Peach County, Georgia and waives any objection or argument related to venue, personal jurisdiction, forum non-convenience, or transfer. If any portion hereof is found to be void or unenforceable, the remaining provisions of the limited warranty shall remain in full force and effect.

STATE OF MAINE

GENERAL TERMS AND CONDITIONS FOR GOODS AND/OR SERVICES UNDER BUYER PURCHASE ORDERS (BPOs) AND MASTER AGREEMENTS (MAs)

1. **DEFINITIONS:** The following definitions are applicable to these standard terms and conditions:
 - a. The term “Buyer” or “State” shall refer to the Government of the State of Maine or a person representing the Government of the State of Maine.
 - b. The term “Department” or “DAFS” shall refer to the State of Maine Department of Administrative and Financial Services.
 - c. The term “Bureau” or “BGS” shall refer to the State of Maine Bureau of General Services.
 - d. The term “Division” shall refer to the State of Maine Division of Purchases.
 - e. The term “Contractor”, “Vendor”, or “Provider” shall refer to the organization that is providing goods and/or services through the contract to which these standard terms and conditions have been attached and incorporated.
 - f. The term “Contract” or “Agreement” shall refer to the contract document to which these standard terms and conditions apply, taking the format of a Buyer Purchase Order (BPO) or Master Agreement (MA) or other contractual document that is mutually agreed upon between the State and the Contractor.

2. **WARRANTY:** The Contractor warrants the following:
 - a. That all goods and services to be supplied by it under this Contract are fit and sufficient for the purpose intended, and
 - b. That all goods and services covered by this Contract will conform to the specifications, drawing samples, symbols or other description specified by the Division, and
 - c. That such articles are merchantable, good quality, and free from defects whether patent or latent in material and workmanship, and
 - d. That all workmanship, materials, and articles to be provided are of the best grade and quality, and
 - e. That it has good and clear title to all articles to be supplied by it and the same are free and clear from all liens, encumbrances and security interest.

Neither the final certificate of payment nor any provision herein, nor partial nor entire use of the articles provided shall constitute an acceptance of work not done in accordance with this agreement or relieve the Contractor liability in respect of any warranties or responsibility for faulty material or workmanship. The Contractor shall remedy any defects in the work and pay any damage to other work resulting therefrom, which shall appear within one year from the date of final acceptance of the work provided hereunder. The Division of Purchases shall give written notice of observed defects with reasonable promptness.

3. **TAXES:** Contractor agrees that, unless otherwise indicated in the order, the prices herein do not include federal, state, or local sales or use tax from which an exemption is available for purposes of this order. Contractor agrees to accept and use tax exemption certificates when supplied by the Division as applicable. In case it shall ever be determined that any tax included in the prices herein was not required to be paid by Contractor, Contractor agrees to notify the Division and to make prompt application for the refund thereof, to take all proper steps to procure the same and when received to pay the same to the Division.

4. **PACKING AND SHIPMENT:** Deliveries shall be made as specified without charge for boxing, carting, or storage, unless otherwise specified. Articles shall be suitably packed to secure lowest

transportation cost and to conform to the requirements of common carriers and any applicable specifications. Order numbers and symbols must be plainly marked on all invoices, packages, bills of lading, and shipping orders. Bill of lading should accompany each invoice. Count or weight shall be final and conclusive on shipments not accompanied by packing lists.

5. DELIVERY: Delivery should be strictly in accordance with delivery schedule. If Contractor's deliveries fail to meet such schedule, the Division, without limiting its other remedies, may direct expedited routing and the difference between the expedited routing and the order routing costs shall be paid by the Contractor. Articles fabricated beyond the Division's releases are at Contractor's risk. Contractor shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet delivery schedule, and, unless otherwise specified herein, no deliveries shall be made in advance of the Division's delivery schedule. Neither party shall be liable for excess costs of deliveries or defaults due to the causes beyond its control and without its fault or negligence, provided, however, that when the Contractor has reason to believe that the deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to the Division. If the Contractor's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Contractor and subcontractor and without fault of negligence or either of them and the articles or services to be furnished were not obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

6. FORCE MAJEURE: The State may, at its discretion, excuse the performance of an obligation by a party under this Agreement in the event that performance of that obligation by that party is prevented by an act of God, act of war, riot, fire, explosion, flood or other catastrophe, sabotage, severe shortage of fuel, power or raw materials, change in law, court order, national defense requirement, or strike or labor dispute, provided that any such event and the delay caused thereby is beyond the control of, and could not reasonably be avoided by, that party. The State may, at its discretion, extend the time period for performance of the obligation excused under this section by the period of the excused delay together with a reasonable period to reinstate compliance with the terms of this Agreement.

7. INSPECTION: All articles and work will be subject to final inspection and approval after delivery, notwithstanding prior payment, it being expressly agreed that payment will not constitute final acceptance. The Division of Purchases, at its option, may either reject any article or work not in conformity with the requirements and terms of this order, or re-work the same at Contractor's expense. The Division may reject the entire shipment where it consists of a quantity of similar articles and sample inspection discloses that ten (10%) percent of the articles inspected are defective, unless Contractor agrees to reimburse the Division for the cost of a complete inspection of the articles included in such shipment. Rejected material may be returned at Contractor's risk and expense at the full invoice price plus applicable incoming transportation charges, if any. No replacement of defective articles of work shall be made unless specified by the Division.

8. INVOICE: The original and duplicate invoices covering each and every shipment made against this order showing Contract number, Vendor number, and other essential particulars, must be forwarded promptly to the ordering agency concerned by the Vendor to whom the order is issued. Delays in receiving invoice and also errors and omissions on statements will be considered just cause for withholding settlement without losing discount privileges. All accounts are to be carried in the name of the agency or institution receiving the goods, and not in the name of the Division of Purchases.

9. ALTERATIONS: The Division reserves the right to increase or decrease all or any portion of the work and the articles required by the bidding documents or this agreements, or to eliminate all or any portion of such work or articles or to change delivery date hereon without invalidating this Agreement. All such alterations shall be in writing. If any such alterations are made, the contract amount or amounts shall be adjusted accordingly. In no event shall Contractor fail or refuse to continue the performance of the work in providing of articles under this Agreement because of the inability of the parties to agree on an adjustment or adjustments.

10. TERMINATION: The Division may terminate the whole or any part of this Agreement in any one of the following circumstances:

- a. The Contractor fails to make delivery of articles, or to perform services within the time or times specified herein, or
- b. If Contractor fails to deliver specified materials or services, or
- c. If Contractor fails to perform any of the provisions of this Agreement, or
- d. If Contractor so fails to make progress as to endanger the performance of this Agreement in accordance with its terms, or
- e. If Contractor is adjudged bankrupt, or if it makes a general assignment for the benefit of its creditors or if a receiver is appointed on account of its insolvency, or
- f. Whenever for any reason the State shall determine that such termination is in the best interest of the State to do so.

In the event that the Division terminates this Agreement in whole or in part, pursuant to this paragraph with the exception of 8(f), the Division may procure (articles and services similar to those so terminated) upon such terms and in such manner as the Division deems appropriate, and Contractor shall be liable to the Division for any excess cost of such similar articles or services.

11. NON-APPROPRIATION: Notwithstanding any other provision of this Agreement, if the State does not receive sufficient funds to fund this Agreement and other obligations of the State, if funds are de-appropriated, or if the State does not receive legal authority to expend funds from the Maine State Legislature or Maine courts, then the State is not obligated to make payment under this Agreement.

12. COMPLIANCE WITH APPLICABLE LAWS: Contractor agrees that, in the performance hereof, it will comply with applicable laws, including, but not limited to statutes, rules, regulations or orders of the United States Government or of any state or political subdivision(s) thereof, and the same shall be deemed incorporated herein by reference. Awarding agency requirements and regulations pertaining to copyrights and rights in data. Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers and records of the Contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions. Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed. Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h), section 508 of the Clean Water Act, (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000). Mandatory standards and policies relating to energy efficiency which are

contained in the state energy conservation plan issued in compliance with Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

13. INTERPRETATION: This Agreement shall be governed by the laws of the State of Maine as to interpretation and performance.

14. DISPUTES: The Division will decide any and all questions which may arise as to the quality and acceptability of articles provided and installation of such articles, and as to the manner of performance and rate of progress under this Contract. The Division will decide all questions, which may arise as to the interpretation of the terms of this Agreement and the fulfillment of this Agreement on the part of the Contractor.

15. ASSIGNMENT: None of the sums due or to become due nor any of the work to be performed under this order shall be assigned nor shall Contractor subcontract for completed or substantially completed articles called for by this order without the Division's prior written consent. No subcontract or transfer of agreement shall in any case release the Contractor of its obligations and liabilities under this Agreement.

16. STATE HELD HARMLESS: The Contractor agrees to indemnify, defend, and save harmless the State, its officers, agents, and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, material men, laborers and other persons, firm or corporation furnishing or supplying work, services, articles, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by the Contractor in the performance of this Agreement.

17. SOLICITATION: The Contractor warrants that it has not employed or written any company or person, other than a bona fide employee working solely for the Contractor to solicit or secure this Agreement, and it has not paid, or agreed to pay any company, or person, other than a bona fide employee working solely for the Contractor any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon, or resulting from the award for making this Agreement. For breach or violation of this warranty, the Division shall have the absolute right to annul this agreement or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover the full amount of such fee, commission, percentage, brokerage fee, gifts, or contingent fee.

18. WAIVER: The failure of the Division to insist, in any one or more instances, upon the performance of any of the terms, covenants, or conditions of this order or to exercise any right hereunder, shall not be construed as a waiver or relinquishment of the future performance of any such term, covenant, or condition or the future exercise of such right, but the obligation of Contractor with respect to such future performance shall continue in full force and effect.

19. MATERIAL SAFETY: All manufacturers, importers, suppliers, or distributors of hazardous chemicals doing business in this State must provide a copy of the current Material Safety Data Sheet (MSDS) for any hazardous chemical to their direct purchasers of that chemical.

20. COMPETITION: By accepting this Contract, Contractor agrees that no collusion or other restraint of free competitive bidding, either directly or indirectly, has occurred in connection with this award by the Division of Purchases.

21. INTEGRATION: All terms of this Contract are to be interpreted in such a way as to be consistent at all times with this Standard Terms and Conditions document, and this document shall take precedence over any other terms, conditions, or provisions incorporated into the Contract.
