**Subject: Rumford Falls Hydroelectric Project (FERC No. 2333)
Application for Water Quality Certification**

Dear Mr. Olcott:

Rumford Falls Hydro LLC (RFH), a subsidiary of Brookfield Renewable, is herein submitting to the Maine Department of Environmental Protection (MDEP) an application for Water Quality Certification (WQC) for the Rumford Falls Hydroelectric Project (FERC No. 2333) (Project). The Project, which consists of two discrete developments – the Upper Station Development and the Lower Station Development, is located on the Androscoggin River in the Town of Rumford and Mexico, Oxford County, Maine. The Project's existing Federal Energy Regulatory Commission (FERC or Commission) license expires on September 30, 2024, and RFH is pursuing a new license for the Project. This WQC application is in support of the license application RFH filed with the Commission on September 29, 2022, for the continued operation and maintenance of the Project.

Pursuant to 40 Code of Federal Regulations (CFR) §121.4(a), and in support of the WQC application for the Project, RFH requested a pre-filing meeting with the MDEP on June 29, 2023. On July 13, 2023, a pre-filing meeting was held via teleconference to discuss the WQC application. Accordingly, RFH is submitting the enclosed WQC application for the Project. Concurrent with the electronic submittal of this application, RFH is hand delivering a check for the WQC application processing fee accompanied by a hard copy of the WQC application (application form only). Finally, RFH is also providing a complete hard copy of the WQC application to the town clerks of Rumford and Mexico via certified mail.

RFH hereby requests that the MDEP review and take action on this WQC request within the applicable period of time and provide a draft of the WQC for review before issuing the final WQC. If the MDEP requires access and entry to the property and facilities under this certification, RFH respectfully requests, that the MDEP coordinate accompanied access with RFH prior to any inspections deemed necessary by MDEP to help ensure access as needed and the safety of on-site operating staff and MDEP staff.

If there are any questions or comments regarding this submittal, please contact me by phone at (207) 755-5613 or at luke.anderson@brookfieldrenewable.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'L. Anderson', with a long horizontal flourish extending to the right.

WATER QUALITY CERTIFICATION APPLICATION

GENERAL INFORMATION

1. By submitting this application, an applicant requests Water Quality Certification pursuant to Section 401 of the Federal Clean Water Act for the continued operation of an existing hydropower generating or storage project under the terms of an initial or a new license from the Federal Energy Regulatory Commission. Certification must be obtained for any activity requiring a federal license or permit which may result in a discharge into the navigable waters of the United States.
2. The purpose of this application form is to obtain from the applicant a thorough description of project facilities and operation and the impacts of the continued operation of the project on water quality.

The Department's Regulations provide that the applicant bears the burden of proof in the application process. This is the burden of presenting sufficient evidence for the Department to make the affirmative findings required by law regarding matters about which no questions are raised and the burden of presenting a preponderance of the evidence regarding matters about which questions are raised.

3. In order to grant certification, the Department must conclude that there is a reasonable assurance that the continued operation of a hydropower generating or storage project will not violate applicable Water Quality Standards. These standards have been established in the State's Water Classification Program (Title 38 MRSA Sections 464-469). These standards designate the uses and related characteristics of those uses for each class of water and establish water quality criteria necessary to protect those uses and related characteristics.
4. Any applicant for a FERC license must complete a three stage consultation process with appropriate state and federal agencies. The purpose of this process is to identify and analyze the potential environmental and socioeconomic impacts of a project.

The consultation process requires an applicant to have either requested or obtained water quality certification at the time of filing with FERC. The process also requires that an applicant serve a copy of its FERC application, including any revisions, supplements or amendments thereto, on each of the agencies consulted.

WATER QUALITY CERTIFICATION APPLICATION

FILING INSTRUCTIONS AND PROCEDURES

1. When filing, send an original paper copy plus one (1) electronic copy of a completed Application for Water Quality Certification to the Department, along with two (2) copies of the Application for Initial License or New License that has been or will be filed with FERC. The State filing can be made prior to or concurrent with the FERC filing.
2. The Department is required by law to assess fees for processing applications and for monitoring permit compliance. Application processing will not begin until all required fees have been paid. When filing, submit full fee payment as shown on the [DEP fee schedule](#). Please make checks payable to: Treasurer, State of Maine.
3. A number of consulting agencies will be involved in the State review process of hydropower projects. Distribution of copies of the FERC application to these agencies may be coordinated by DEP or may be handled directly by the applicant. When filing, please notify the DEP staff to discuss distribution procedures.
4. Most information requested by this application form can be provided by making reference to the appropriate exhibit of the FERC license application. Space is provided on the form for such references.
5. Within 15 working days of receiving an application and all required fees, the DEP shall determine whether the application as filed is acceptable for processing.
6. Additional information may be required during the review process on any aspect of the project relating to compliance with applicable statutory criteria.

WATER QUALITY CERTIFICATION APPLICATION

1. **NATURE OF ACTIVITY.** Check appropriate item:

_____ Application for Initial License.

_____ Application for New License (Relicense).

A COPY OF A COMPLETED FERC APPLICATION FOR LICENSE (THIRD STAGE CONSULTATION) MUST ACCOMPANY THIS FORM.

NOTE: A copy of any document revising, supplementing, amending, or correcting deficiencies in the application as originally filed with FERC must also be filed with D.E.P.

2. **EXISTING ENVIRONMENT.** Provide a description of the physical environment of the project site and its immediate vicinity. The project site includes all land and water areas affected by the project.

REFERENCE: FERC EXHIBIT(S) _____

3. **PROJECT DESCRIPTION.** Provide a detailed description of the existing project. A hydropower project includes all powerhouses, dams, water conduits, transmission lines, water impoundments, roads, and other appurtenant works and structures that are part of the development. This description must include:

- A. The physical composition, dimensions, and general configuration of all project structures;
- B. The normal maximum surface area and elevation, gross storage capacity, and usable storage capacity of any impoundments;
- C. The number, type, and rated capacity of any turbines or generators; and
- D. The number, length, and voltage of any primary transmission lines.

REFERENCE: FERC EXHIBIT(S) _____

4. **PROJECT OPERATION.** Provide a description of project operation, to include:

- A. The mode of project operation during low, mean, and high water years, including extent and duration of flow release and impoundment fluctuations;
- B. An estimate of the dependable capacity and average annual energy production, in kilowatt hours, of the project;
- C. An estimate of minimum, mean, and maximum flows, in cubic feet per second, at the project site, including a flow duration curve;
- D. An estimate of the maximum and minimum hydraulic capacities, in cubic feet per second, of any powerplant; and
- E. A statement of the manner in which the power generated at the project is utilized.

REFERENCE: FERC EXHIBIT(S) _____

5. **PROJECT PLANS.** Provide general design drawings showing all major project structures in sufficient detail to provide a full understanding of the project, including:
- A. Plans (overhead view);
 - B. Elevations (front view); and
 - C. Sections (side view).

REFERENCE: FERC EXHIBIT(S) _____

6. **PROJECT MAPS.** Provide maps of the project showing:
- A. The location of the project, including principal project structures and features, with reference to local geographic features; and
 - B. A project boundary enclosing all principal project structures and features proposed to be licensed.

REFERENCE: FERC EXHIBIT(S) _____

7. **TITLE, RIGHT OR INTEREST.** The Department's Regulations require that any applicant must possess sufficient title, right or interest in all project lands and waters in order to have standing to seek a permit, license, or certification. Please complete the appropriate item(s) below establishing title, right or interest and attach a copy of the indicated document(s):

- _____ Deed.
- _____ Option to buy.
- _____ Lease.
- _____ Valid FERC License (including all amendments/modifications).
- _____ Exercise of flowage rights through operation of the Mill Act (12 MRSA Section 651).
- _____ Exercise of eminent domain under FERC License.

8. **WATER QUALITY.** Provide a description of the impact of the project on water quality, including:
- A. A description of the applicable water quality standards and stream segment classification for the project impoundment and downstream waters, including a description of designated uses;
 - B. A description of existing water quality in the project impoundment and downstream waters affected by the project, including a description of existing in-stream water uses;
 - C. A statement of the existing measures to be continued and new measures proposed for the purpose of protecting and improving water quality, including measures for the mitigation of project impacts on the designated uses of project waters; and
 - D. A description of any anticipated continuing impact on water quality from the continued operation of the project, including impacts on the designated uses of project waters.

9. **PUBLIC NOTICE.** The Department requires that an applicant provide public notice describing the location and nature of the activity proposed for approval. The public notice requirements that apply to this application are described in the Certification of Publication below, which must be signed and dated by the applicant or authorized agent.

The following information must be submitted with this form:

- A copy of a completed Notice of Intent to File.
- A list of abutters to whom notice was provided. [For the purposes of public notice of this application, an "abutter" is any person who owns property that is both (1) adjoining and (2) within 1 mile of the delineated project boundary, including owners of property directly across a public or private right of way.]

CERTIFICATION OF PUBLICATION

By signing below, the applicant (or authorized agent) certifies that he or she has:

1. Published a Notice of Intent to File once in a newspaper circulated in the area where the project site is located, within 30 days prior to filing the application;
2. Sent a completed copy of the Notice of Intent to File by certified mail or Certificate of Mailing to abutters, as determined by local tax records or other means, within 30 days prior to filing the application; and
3. Sent a copy of the Notice of Intent to File by certified mail or Certificate of Mailing and filed a duplicate of this application with the town clerk of the municipality(ies) where the project is located, within 30 days prior to filing the application.

Sirois is a member of the Class of 2023 and is majoring in conservation biology. Sirois attended Greely High School.

To be eligible for the Dean's List, a student must have completed at least four courses and have an academic average of 3.6 based on a 4.0 scale for the semester.

New UMF students get realistic feel for college life with summer program

FARMINGTON — Starting college can be quite an adjustment for many students. That's why participating in one of the recent Summer Experience programs at the University of Maine at Farmington offered first-year and new transfer students such a successful introduction to living and learning on campus.

New students who are enrolled for the fall were able to register and select from multiple three-day, two-night sessions this summer where they could stay in a campus residence hall to get a realistic feel for college residential living.

The program just finished welcoming more than 60 first year students to their soon to be home away from home at Farmington.

Learning at UMF isn't one size fits all or limited to the classroom. An important part of the program was the experiential learning component where students could explore topics of personal interest, such as: Sustainable Tourism; Music of the Environment; American Mythologies; Reviving Temple Stream; or Literature, Computers and Artificial Intelligence.

"Experiential learning is all about learning by doing and

then reflecting on that experience," said Linda Beck, UMF associate dean of Experiential and Global Education. "The Summer Experience Program permits students to work closely with faculty in a variety of disciplines to learn through hands-on field experiences."

"Through the experiential learning sessions, students have an opportunity to learn what highly experiential classes at UMF are like, receive one-on-one mentoring from faculty, and develop a cohort with fellow incoming students," she said.

Students found the experiences fun and informational.

"I'm so happy I came to this program, I can't wait until the fall," said one student.

"This is just the first step in many student's transition to college," said Connor Fahy, coordinator of UMF orientation and transition programs. "I love that we can share Summer Experience with them. We get to help students find a sense of belonging. For a few days they can live the college life with a security net under them so by the time they come here in the fall, they are more confident and better prepared for life at UMF."

Students also had the opportunity to make new

friends and get to know the community. Some of the other experiences included spooky tour of Farmington, Manor Escape Room, Tubing on the Sandy River, Narrow Gauge Dollar Movie Night, swimming at the Fitness & Recreation Center, Farmington Pizza Challenge, Improv by the Lawn Chair Pirates and Karaoke.

It was also the chance for them to connect with advisors. Financial aid, disability services, veterans information, obtain a campus job and take care of any special dietary requirements.

The Summer Experience Program at UMF is a community effort. The three-day events require the coordinated support of Admissions counselors and staff, nine student mentors, teaching faculty and faculty advisors.

Behind the scenes support also came from offices throughout campus including Residence Life, Library Services, IT, Conferences and Events, Facilities, Sodexo Dining Services, Mainely Outdoors and the Fitness & Recreation Center. Many Farmington community businesses were excited to partner with the University and help students feel welcome.

SeniorsPlus to present the 2023 Aging Well Living Well Expo

LEWISTON — The 2023 Aging Well Living Well Expo, presented by SeniorsPlus, will be held Friday, September 29, from 8 a.m.-3:30 p.m. at the Grand Summit Hotel and Conference Center at Sunday River in Newry, Maine. Featuring workshops and lectures, the day-long event is a

learning opportunity for adults. SeniorsPlus is the designated Area Agency on Aging serving Androscoggin, Franklin, and Oxford counties.

Tickets for the Expo are \$35 per person and include breakfast and lunch, as well as entrance to workshops. Tickets may be purchased by calling 1-800-427-1241 or printing and mailing the registration form at www.seniorsplus.org.

Seats are limited; advance registration is strongly recommended. A complete schedule of programming may be found at www.seniorsplus.org.

Attendees are invited to explore serious learning, as well as first-time explorations. The 12 workshops and programs attendees choose from cover a spectrum of topics including law, health, exercise, cooking, and art. Workshop titles range from "Seasonal Desserts in a Mug," to "Estate Planning," to "Self Defense for Older Adults" and "Know Your Rights: A Primer on the Americans with Disabilities Act." Workshops run 75 minutes each. Exhibitor booths and displays provide an opportunity to learn about a variety of products, services, and information. Raffle tickets may be purchased for an additional fee.

New this year will be a music jam session, as well as a vaccination clinic offered by SeniorsPlus in conjunction with Northern Light Health. Flu and COVID vaccinations will be available to anyone over the age of 18. If interested, please bring your insurance card with you and check "interested" on the registration form.

The keynote speaker will be Mary Lou Cioffi, JD, MS. Cioffi is a Senior Program Manager at the University of Maine Center on Aging where she has recently directed a national project creating a Designation of Excellence in person-centered long-term care. The title of her presentation will be "Looking Forward to Our Own Aging? It Shouldn't Be This Hard." She will share insight into about the root causes of ageist ideas and attitudes such as "anti-aging" and "greedy geezer," and what we can all do to support a positive shift in our beliefs about aging and older people.

Almost 300 attendees attended the Expo in 2019, the last year it was held; 2023 will mark the 13th year that the event has been presented.

SeniorsPlus is grateful for the support of its sponsors of Expo: Turner Publishing, Inc.; Healey & Associates, VRI & New England Emergency Response Systems, Aetna Medicare Solutions, Martin's Point Healthcare, Richard Brothers Financial Advisors, and University Credit Union.

NOTICE OF INTENT TO FILE MAINE WATER QUALITY CERTIFICATION APPLICATION

Please take notice that Rumford Falls Hydro LLC of 150 Main Street, Lewiston, Maine 04240 and (207) 755-5613 is intending to file an application with the Maine Department of Environmental Protection for a Water Quality Certification pursuant to the provisions of the Federal Clean Water Act, Section 401. The application is for the continued operation and maintenance of the Rumford Falls Hydroelectric Project (FERC No. 2333) in the town/city of Rumford and Mexico, Maine under the terms of a new license from the Federal Energy Regulatory Commission.

The application will be filed on or about August 23, 2023 for public inspection at the DEP's offices in Augusta during normal working hours. A copy of the application may also be seen at the municipal offices in Rumford and Mexico, Maine.

A request for a public hearing or a request that the Board of Environmental Protection assume jurisdiction over this application must be received by the Department, in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. Public comment on the application will be accepted throughout the processing of the application.

For Federally licensed, permitted, or funded activities in the Coastal Zone, review of this application shall also constitute the State's consistency review in accordance with the Maine Coastal Program pursuant to Section 307 of the federal Coastal Zone Management Act.

Written public comments may be sent to the Department of Environmental Protection, Bureau of Land and Water Quality, 17 State House Station, Augusta, Maine 04333.

Public Notices

are a permanent and independent record of government and court actions. These include state and local government meetings, rule making, available contracts, zoning changes, and many more, as required by law. In addition, parties to some court proceedings, such as foreclosures, probate, and estate actions are required to publish notices to ensure notification of affected parties, as well as the general public. These notices also alert business owners, large and small, to potential government contractual jobs, helping to ensure economic activity across a level playing field. Public notices have existed to ensure transparency in all levels of government since the founding of the United States. State and local notices are published in Maine newspapers and are also recorded at mainenotices.com, where anyone can browse or search notices, and sign up to receive email alerts when relevant notices appear.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Dear Recipient:

Rumford Falls Hydro LLC (RFH), a subsidiary of Brookfield Renewable, is the licensee of the Rumford Falls Hydroelectric Project (Project). The Project, which consists of two discrete developments – the Upper Station Development and the Lower Station Development, is located on the Androscoggin River in the Towns of Rumford and Mexico, Oxford County, Maine. The Project’s existing Federal Energy Regulatory Commission (FERC or Commission) license expires on September 30, 2024, and RFH is pursuing a new license for the Project. On September 29, 2022, RFH filed the license application for the continued operation and maintenance of the Project with FERC.

As part of the FERC relicensing process, RFH must also apply for a Water Quality Certification (WQC) from the Maine Department of Environmental Protection (MDEP) under the provisions of Section 401 of the Federal Clean Water Act. RFH will be filing the WQC application with the MDEP on or about August 23, 2023. The WQC application process requires an applicant to send a completed copy of the “Notice of Intent to File Maine Water Quality Certification Application” to those landowners whose property abuts the Project boundary, which is why you are receiving this letter.

The WQC application will be available for public inspection at the MDEP offices in Augusta, ME, and at the town offices of Rumford and Mexico, ME.

If there are any questions or comments regarding this letter, please contact me by phone at (207) 755-5613 or at luke.anderson@brookfieldrenewable.com.

Sincerely,

Luke Anderson
Manager, Licensing
Brookfield Renewable

**NOTICE OF INTENT TO FILE
MAINE WATER QUALITY CERTIFICATION APPLICATION**

Please take notice that Rumford Falls Hydro LLC of 150 Main Street, Lewiston, Maine 04240 and (207) 755-5613 is intending to file an application with the Maine Department of Environmental Protection for a Water Quality Certification pursuant to the provisions of the Federal Clean Water Act, Section 401. The application is for the continued operation and maintenance of the Rumford Falls Hydroelectric Project (FERC No. 2333) in the town/city of Rumford and Mexico, Maine under the terms of a new license from the Federal Energy Regulatory Commission.

The application will be filed on or about August 23, 2023 for public inspection at the DEP's offices in Augusta during normal working hours. A copy of the application may also be seen at the municipal offices in Rumford and Mexico, Maine.

A request for a public hearing or a request that the Board of Environmental Protection assume jurisdiction over this application must be received by the Department, in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. Public comment on the application will be accepted throughout the processing of the application.

For Federally licensed, permitted, or funded activities in the Coastal Zone, review of this application shall also constitute the State's consistency review in accordance with the Maine Coastal Program pursuant to Section 307 of the federal Coastal Zone Management Act.

Written public comments may be sent to the Department of Environmental Protection, Bureau of Land and Water Quality, 17 State House Station, Augusta, Maine 04333.

Certified Mailing of “Notice of Intent to File Maine Water Quality Certification Application” to Town of Rumford and Mexico, Maine

August 15, 2023

VIA CERTIFIED MAIL

Stacy Carter
Town Manager
Town of Rumford
145 Congress Street
Rumford, ME 04276

Subject: Notice of Intent to File Maine Water Quality Certification Application to Towns of the Rumford Falls Hydroelectric Project (FERC No. 2333)

Dear Mr. Carter:

Rumford Falls Hydro LLC (RFH), a subsidiary of Brookfield Renewable, is the licensee of the Rumford Falls Hydroelectric Project (Project). The Project, which consists of two discrete developments – the Upper Station Development and the Lower Station Development, is located on the Androscoggin River in the Town of Rumford and Mexico, Oxford County, Maine. The Project’s existing Federal Energy Regulatory Commission (FERC or Commission) license expires on September 30, 2024, and RFH is pursuing a new license for the Project. On September 29, 2022, RFH filed the license application for the continued operation and maintenance of the Project with FERC.

As part of the FERC relicensing process, RFH must also apply for a Water Quality Certification (WQC) from the Maine Department of Environmental Protection (MDEP) under the provisions of Section 401 of the Federal Clean Water Act. RFH will be filing the WQC application with the MDEP on or about August 23, 2023. The WQC application process requires an applicant to send a completed copy of the “Notice of Intent to File Maine Water Quality Certification Application” and a copy of the WQC application to the towns in which the Project is located. RFH will provide a copy of the WQC application to the Town of Rumford once it is filed with the MDEP.

If there are any questions or comments regarding this letter, please contact me by phone at (207) 755-5613 or at luke.anderson@brookfieldrenewable.com.

Sincerely,

Luke Anderson
Manager, Licensing
Brookfield Renewable

**NOTICE OF INTENT TO FILE
MAINE WATER QUALITY CERTIFICATION APPLICATION**

Please take notice that Rumford Falls Hydro LLC of 150 Main Street, Lewiston, Maine 04240 and (207) 755-5613 is intending to file an application with the Maine Department of Environmental Protection for a Water Quality Certification pursuant to the provisions of the Federal Clean Water Act, Section 401. The application is for the continued operation and maintenance of the Rumford Falls Hydroelectric Project (FERC No. 2333) in the town/city of Rumford and Mexico, Maine under the terms of a new license from the Federal Energy Regulatory Commission.

The application will be filed on or about August 23, 2023 for public inspection at the DEP's offices in Augusta during normal working hours. A copy of the application may also be seen at the municipal offices in Rumford and Mexico, Maine.

A request for a public hearing or a request that the Board of Environmental Protection assume jurisdiction over this application must be received by the Department, in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. Public comment on the application will be accepted throughout the processing of the application.

For Federally licensed, permitted, or funded activities in the Coastal Zone, review of this application shall also constitute the State's consistency review in accordance with the Maine Coastal Program pursuant to Section 307 of the federal Coastal Zone Management Act.

Written public comments may be sent to the Department of Environmental Protection, Bureau of Land and Water Quality, 17 State House Station, Augusta, Maine 04333.

**Subject: Rumford Falls Hydroelectric Project (FERC No. 2333-094)
Section 401 Water Quality Certification**

Dear Mr. Olcott:

On September 29, 2022, Rumford Falls Hydro LLC (RFH), a subsidiary of Brookfield Renewable, filed the Final License Application with the Federal Energy Regulatory Commission (FERC or Commission) for the Rumford Falls Hydroelectric Project (FERC No. 2333) (Project). On June 26, 2023, the Commission issued a Notice of Application Acceptance and Ready for Environmental Analysis (REA).

RFH is preparing to file an application for Water Quality Certification (WQC) under Section 401 of the Clean Water Act with the Maine Department of Environmental Protection (MDEP). Pursuant to 18 Code of Federal Regulations (CFR) §5.23(b)(1), a license applicant must file an application for WQC no later than 60 days following the date of issuance of the REA notice, which requires RFH to file a WQC application for the Project by August 25, 2023.

Pursuant to 40 CFR §121.4(a), an applicant is required to request a pre-filing meeting with the certifying authority at least 30 days prior to submitting a certification request. Accordingly, RFH is herein requesting a pre-filing meeting with the MDEP for the Project.

If there are any questions regarding this request, please contact me by phone at (207) 755-5613 or at luke.anderson@brookfieldrenewable.com.

40 CFR §121.5 Certification Request

40 CFR §121.5 Certification request

The following is an addendum to the Application for Water Quality Certification (WQC) pursuant to 40 CFR §121.5(b).

(a) A certification request shall be submitted to the certifying authority and to the Federal agency concurrently.

The certification request is being submitted concurrently to the Maine Department of Environmental Protection (MDEP) and the Federal Energy Regulatory Commission (FERC).

(b) A certification request for an individual license or permit shall:

(1) Identify the project proponent(s) and a point of contact;

Rumford Falls Hydro LLC (RFH), a subsidiary of Brookfield Renewable, is the applicant for the certification request. The point of contact is:

Mr. Luke Anderson
Manager, Licensing
Rumford Falls Hydro LLC
150 Main Street
Lewiston, Maine 04240
(207) 755-5613

(2) Identify the proposed project;

A WQC application for a New License for Major Water Power Project is being submitted for the Rumford Falls Hydroelectric Project (Project) (FERC No. 2333). The Project consists of two discrete developments – the Upper Station Development (29.3 MW) and the Lower Station Development (15.2 MW) totaling an authorized generating capacity of 44.5 MW. The Project is an existing run-of-river hydroelectric facility with an active FERC license. It is located on the Androscoggin River in the Town of Rumford and Mexico, Oxford County, Maine. The Project's existing FERC license was issued on October 18, 1994 and expires on September 30, 2024. On September 29, 2022, RFH filed an application with FERC for a new license for the continued operation and maintenance of the Project. Accordingly, RFH is applying for WQC from the MDEP under the provisions of Section 401 of the Federal Clean Water Act (CWA).

(3) Identify the applicable federal license or permit;

Applicable federal licenses and permits include the FERC license to be issued and the Maine WQC.

(4) Identify the location and nature of any potential discharge that may result from the proposed project and the location of receiving waters;

Water from the Androscoggin River is passed through the turbines at the Project's Upper Station and Lower Station Developments to generate hydropower. No pollutant discharge is proposed. Please see Exhibit B in the provided Final License Application (FLA) for additional information on Project operation.

- (5) Include a description of any methods and means proposed to monitor the discharge and the equipment or measures planned to treat, control, or manage the discharge;**

Water from the Androscoggin River is passed through the turbines at the Project's Upper Station and Lower Station Developments to generate hydropower. No pollutant discharge is proposed. The Project is operated in a run-of-river mode. Please see Exhibit B in the provided FLA for additional information on how water levels and flows are managed at the Project.

- (6) Include a list of all other federal, interstate, tribal, state, territorial, or local agency authorizations required for the proposed project, including all approvals or denials already received;**

As stated in No. 3 above, applicable federal licenses and permits include the FERC license to be issued and the Maine WQC. None of the required aforementioned authorizations have been approved or denied as of the date of this WQC application submittal. Please see Section 3.0 of Exhibit E in the provided FLA for additional information on the statutory and regulatory requirements for the Project.

- (7) Include documentation that a pre-filing meeting request was submitted to the certifying authority at least 30 days prior to submitting the certification request;**

Please see Attachment 4 of this WQC application, which includes documentation that a pre-filing meeting request was submitted to the MDEP on June 29, 2023, at least 30 days prior to submitting the certification request. The pre-filing meeting between RFH and the MDEP was held on July 13, 2023.

- (8) Contain the following statement: 'The project proponent hereby certifies that all information contained herein is true, accurate, and complete to the best of my knowledge and belief'; and**

The signature at the bottom of this document affirms that the Project proponent hereby certifies that all information herein is true, accurate, and complete to the best of my knowledge and belief.

- (9) Contain the following statement: 'The project proponent hereby requests that the certifying authority review and take action on this CWA 401 certification request within the applicable reasonable period of time.'**

The signature at the bottom of this document affirms that the Project proponent hereby requests that the certifying authority review and take action on this CWA 401 certification request within the applicable reasonable period of time.

Subject: Notice of Intent to File Maine Water Quality Certification Application to Towns of the Rumford Falls Hydroelectric Project (FERC No. 2333)

Dear Ms. Welch-Day:

Rumford Falls Hydro LLC (RFH), a subsidiary of Brookfield Renewable, is the licensee of the Rumford Falls Hydroelectric Project (Project). The Project, which consists of two discrete developments – the Upper Station Development and the Lower Station Development, is located on the Androscoggin River in the Town of Rumford and Mexico, Oxford County, Maine. The Project’s existing Federal Energy Regulatory Commission (FERC or Commission) license expires on September 30, 2024, and RFH is pursuing a new license for the Project. On September 29, 2022, RFH filed the license application for the continued operation and maintenance of the Project with FERC.

As part of the FERC relicensing process, RFH must also apply for a Water Quality Certification (WQC) from the Maine Department of Environmental Protection (MDEP) under the provisions of Section 401 of the Federal Clean Water Act. RFH will be filing the WQC application with the MDEP on or about August 23, 2023. The WQC application process requires an applicant to send a completed copy of the “Notice of Intent to File Maine Water Quality Certification Application” and a copy of the WQC application to the towns in which the Project is located. RFH will provide a copy of the WQC application to the Town of Mexico once it is filed with the MDEP.

If there are any questions or comments regarding this letter, please contact me by phone at (207) 755-5613 or at luke.anderson@brookfieldrenewable.com.

Sincerely,

Luke Anderson

**NOTICE OF INTENT TO FILE
MAINE WATER QUALITY CERTIFICATION APPLICATION**

Please take notice that Rumford Falls Hydro LLC of 150 Main Street, Lewiston, Maine 04240 and (207) 755-5613 is intending to file an application with the Maine Department of Environmental Protection for a Water Quality Certification pursuant to the provisions of the Federal Clean Water Act, Section 401. The application is for the continued operation and maintenance of the Rumford Falls Hydroelectric Project (FERC No. 2333) in the town/city of Rumford and Mexico, Maine under the terms of a new license from the Federal Energy Regulatory Commission.

The application will be filed on or about August 23, 2023 for public inspection at the DEP's offices in Augusta during normal working hours. A copy of the application may also be seen at the municipal offices in Rumford and Mexico, Maine.

A request for a public hearing or a request that the Board of Environmental Protection assume jurisdiction over this application must be received by the Department, in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. Public comment on the application will be accepted throughout the processing of the application.

For Federally licensed, permitted, or funded activities in the Coastal Zone, review of this application shall also constitute the State's consistency review in accordance with the Maine Coastal Program pursuant to Section 307 of the federal Coastal Zone Management Act.

Written public comments may be sent to the Department of Environmental Protection, Bureau of Land and Water Quality, 17 State House Station, Augusta, Maine 04333.
