RE: Application for Landfill Expansion
Juniper Ridge Landfill
Old Town, ME

Dear Mr. Gould:

The above application was received by the Maine Department of Environmental Protection (the Department) on November 21, 2025 and was determined to be complete and accepted for processing on December 9, 2025.

A determination that an application is complete for processing is based on the Department's determination that the application is properly filled out and signed, and information is provided for each of the items included on the form, including evidence that (1) the correct application fee has been paid; (2) sufficient title, right or interest has been demonstrated; and (3) notice, when required, has been provided. The guaranteed processing time for this type of application is 540 days.

The application number is HQH-D4D1-RJBRR. I will be the project manager for the application; any questions, comments, and responses to requests for information concerning the application should be directed to me via the contact information provided below. Acceptance of the application as complete for processing is not a review of the sufficiency of the information provided and does not preclude the Department from requesting additional information during the application processing period. Failure to provide information that is necessary for the processing of the application in a timely manner may result in denial of the application.

Please feel free to contact me with any questions.

Sincerely,

Dominique DiSpirito
