Dear Ms. Knuuti,

I am a resident of Old Town and would like to express my *support* for the Juniper Ridge landfill expansion. Although our society's consumption and waste disposal is unsustainable and different methods must be developed, reality is that we currently generate waste and it must go somewhere. Some complaints about the landfill are correct, while others are exaggerated or untrue. Regardless, it is already there, and expanding or not expanding it doesn't change that fact. It makes sense to expand an existing landfill rather than place one in an unspoiled location elsewhere.

Thanks for your time,
Kaj Overturf
