Hello,

I wish to offer my opposition to the proposed landfill expansion.

In current solid waste law, the DEP has defined Environmental Justice as, "...the right to be protected from environmental pollution and live in and enjoy a clean and healthful environment, regardless of ancestry, class, disability, ethnicity, income, national origin or religion...." The expansion would negatively impact people living on lands near the landfill and near the Penobscot River, including those in Penobscot Nation. I ask that this project be denied, so as to protect these people and the natural environment from further deterioration.

Thank you,
Wayne Cobb
