Dear Ms. Knuuti, please do not permit expansion of the Juniper Ridge Landfill. It is surrounded on all sides by flowing water. Leaching of poisonous liquid into the Birch, Pushaw Streams and the Penobscot River is an irreversible death sentence for fish, birds and other wildlife. I live on the Kenduskeag Stream with a permanent pair of nesting Eagles in my backyard trees. I see Ospreys, Black Ducks, Mallard Ducks, Little Blue and Great Herons coming for eels, bass, freshwater clams. I used to see Otters every winter playing on the ice, sadly no more. Maine is a wonderful place, lets handle Waste in some other way. Thanks for your consideration. Barb Wais 252 Finson Road, Bangor.
