NOTICE OF MANIFEST DISCREPANCY

Date: 10/26/04

To: Generator and State Agency

Re: Manifest/Line Number(s) MAQ 879127, lines a & b only

The above referenced manifest(s) required correction because of discrepancies that were discovered after the original manifest copies were distributed. The discrepancies have been noted in Box 19.

This copy is for your records and should be attached to the previously mailed copies. There is nothing additional you must do.

If there are any questions, please contact your customer service representative or the undersigned.

Sincerely,

Roy H. Swartz
Manager of Regulatory Compliance

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations. If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment. OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
