Subject: mining rules
Date: Friday, September 09, 2016 12:53:48 PM

Maine's Legislature has twice overwhelmingly defeated bad mining rules that would have allowed dangerous mines near some of our state's most treasured places, including Moosehead Lake and the Down East coast.

While some improvements have been made, **the rules are still not strong enough and, if approved, would put Maine's water and aquatic resources at risk.**

Please don't let this happen.
