Subject: Please don't weaken Maine's mining rules
Date: Thursday, September 01, 2016 10:51:35 PM

September 1, 2016
Cynthia Bertocci

Dear Cynthia Bertocci,

Please deliver these comments to the BEP.

Dear Chairman Parker and members of the Board of Environmental Protection:

Somehow as private citizens it becomes necessary to say the same things over and over- even after we've made our case and it was supposedly settled. But corporations with paid lobbyists try to derail us by simply waiting until next year, or the next. Our argument remains the same and is spelled out in the following paragraphs. Please know that we've come to Augusta in the past at our own expense and will continue to do what we think is best for Maine. We sincerely hope that you will study the impacts and do the right thing.

I urge you to reject the latest version of DEP's weak mining rules. I am very concerned that these weak rules would allow mining corporations to pollute our water and harm our woods and wildlife for centuries. They also would not protect taxpayers from having to pay for the cleanup of mining disasters.

Maine's environment and economy are inextricably linked. Maine's rich outdoor heritage and natural scenic beauty are at the heart of our tourism industry, a critical part of our economy. Thousands of Maine people need our state's healthy environment to make their living and provide for their families. Guides, commercial fishermen, and sporting camp owners all depend on Maine's clean water and abundant fish and wildlife. Mining pollution would be a grave threat to these resources.

Please follow the lead of both the 126th and 127th Legislatures, and reject these rules.
