RE: Response to Request for Information, Docket No.CWA-308-ROI-FY24-30

Dear Inspector Oakes:

This letter and attachments are the Midcoast Regional Redevelopment Authority ("MRRA") response to the October 1, 2024 information request pursuant to Section 308 of the Clean Water Act which MRRA received from the EPA on October 2, 2024 ("EPA Information Request"). As you are aware, MRRA requested and EPA granted an extension of time to respond to the EPA Information Request to December 17, 2024.

In order to organize the response, we've included a full copy of the EPA Information Request and inserted narrative responses to each request in italics immediately below the question and, where necessary, identifying exhibits which are included following the entirety of the narrative responses ("MRRA Response").

MRRA is not asserting business confidentiality claims and notes that the response will require supplementation as work is ongoing. MRRA will correct any portion of the MRRA Response as required.

We hope this information is helpful.

Sincerely,

Steve Levesque
Interim Executive Director
Midcoast Regional Redevelopment Authority
