Hi,

I'm a resident of midcoast Maine, and I work with small businesses in the Penobscot River watershed (and am a small business owner myself). I have been following what has been happening with the processing and dumping of waste into the River.

I urge the Bureau to decide to change the rules on dumping in Maine, and start preventing out-of-state waste from ending up in our river and bay. I request this on behalf of wildlife and also human residents, whose wellbeing is greatly affected by the health of our waters, rivers, and ecosystems.

Thanks and best,  
Amanda Affleck
