Dear Ms. Clark,

I am writing to you as a resident of Deer Isle. Three generations of my family have called this beautiful area home for part or all of their lives. We are parents, landowners, fishermen, and business owners in our community. We are all directly impacted by the health of our environment including the health of the Penobscot River. I am writing to ask that the Bureau of Remediation and Waste Management act to change the rules on dumping in Maine, and start preventing out-of-state waste from ending up in our waters.

Thank you.

Jane Eisinger
