To Whom This May Concern,

I would like to add my voice to the others who are disgusted by the fact that waste is being pumped into the Penobscot River from the Old Town Miller Nine Dragons. Although I do not feel that the pollution of our natural resources by any source is acceptable, it is far more reprehensible that Maine is doing this for other states for profit. It may provide a profit monetarily, but money is not going to be able to buy back our Earth. I think this should be stopped immediately.

Thank you,

Marie D. Miller
