Hello-

I'm a resident of Brooksville. I'm a mother, a daughter of a lobster fisherman, and a small community business owner. We are situated right at the mouth of the Penobscot River, and I have watched throughout my lifetime the ways that the health of the river impacts our small fishing community here in Penobscot Bay. For this reason, and many others--including the health of all humans and wildlife that live on the River--I urge the Bureau to decide to change the rules on dumping in Maine, and start preventing out-of-state waste from ending up in our River and Bay.

Thank you.
