On behalf of the 1,500 members of Laudholm Trust and the Wells Reserve, I write to oppose the approval of Waste Management's proposed new "Special Waste" landfill in Norridgewock.

Our state's clean air and water do not need more out-of-state waste. The plans for this new landfill, as submitted, do not detail adequate safeguards for the Kennebec River and other local wetlands.

Maine already has too many polluting landfills. We oppose the creation of another.

Thank you.
Nik Charov
