My name is Sheila Unvala and I am writing in opposition to the DEP's recent Approval with Conditions for Waste Management license application [#S-010735-WD-YB-N](#), and Waste Management Inc's application to expand Crossroads Landfill in Norridgewock. Even though I live in Steuben, I appreciate the mighty Kennebec River, and do not want to see further harm come to it.

It is deeply concerning to hear that the DEP has drafted an approval for WMI's expansion, which would threaten the drinking supply, air quality, and general health of so many living in the Kennebec region, as well as aquatic life downstream from Norridgewock. Please, for the future of Maine citizens, waterways, and Native species, do not approve WMI's expansion.

Sincerely,

Sheila Unvala

Steuben, Maine 04680
