Hello!

I recently became aware of the landfill expansion proposal in Norridgewock, and am writing, at the behest of Native folks, in opposition to this project.

I hope the Department will seriously consider the short and long-term health of Maine's residents and waterways and to place these invaluable resources above the private wealth to be gained from encouraging out-of-state special waste disposal here in Maine. This operation would be a short-term solution which would cast a long and damaging shadow.

Thank you for reading.

Melody Brimmer,  
Portland
