To whom it may concern,

I hope we can agree that an honest, just 'Democracy' is built on the premise of an honestly informed public/electorate.

I must say, with abject disgust, that I have witnessed REPEATED abuses of power, misinformation, etc., promulgated by state officials responsible for honestly informing the public, 'protecting Maine', etc.

I have witnessed many Mainers attempt to get honest, accurate information from state officials about the origin, nature, etc., of the ?HUNDREDS OF THOUSANDS OF TONS? of wretched waste dumped yearly in Maine. I have witnessed state officials repeatedly lie to Mainers by omission and commission about (((OUT OF STATE WASTE))).

I have witnessed state officials REPEATEDLY suppress and callously dismiss concerns about (((OUT OF STATE WASTE))).

I have witnessed state officials REPEATEDLY abuse 'legal' 'terms of art' regarding (((OUT OF STATE WASTE))). 'Terms of art' that have OBVIOUSLY been crafted to misinform, confuse, frustrate, etc., Mainers about (((OUT OF STATE WASTE, etc.))).

And now I see state officials AGAIN abusing NUMEROUS 'terms of art' to facilitate a huge new dump that I STRONGLY SUSPECT will be filled with MILLIONS OF TONS OF (((OUT OF STATE WASTE))).

Your shameless abuses of power, misinformation, outright dishonestly, etc., regarding (((OUT OF STATE WASTE, etc. ad nauseam))) destroys the promise of an honestly informed public/electorate and democracy.

Sincerely,
