Hi,
I live in Norridgewock and I'm strongly opposed to the landfill being licensed to expand. The landfill pollutes the air quality already, expansion will only make it worse. I used to deer hunt on my family farm on Wilder Hill but the smell is so strong some mornings that it ruins the peaceful experience of being in the woods. I've called Jeff McGowan repeatedly but they don't care about air pollution. If they're not in violation of an actual law then there's nothing to hold them accountable. They don't care about quality of life. Please don't let them expand. And please extend the public comment window so more residents of Norridgewock can comment.
Thank you,
Kathy Wilder
