Dear Ms. Burke,

I am writing to ask the Department of Environmental Protection to REVOKE THE CMP CORRIDOR PERMITS, as we, the Maine people voted to Ban this egregious project and won Yes on Question 1! Our voices must be heard and counted!

The DEP has a moral obligation to PROTECT the Environment....not POLLUTE it! By giving the green light for CMP to Clear-cut hundreds of acres of Forest, the DEP is contributing to the Climate Crisis we are facing due to mass DeForestation Projects here in Maine and around the World.

Scientists have long held that Forests are the Lungs of the Earth, clearing out Toxins, Cooling the Earth and providing much needed Habitat for Wildlife and Birds. Bird populations in Maine and elsewhere are in dramatic decline due to Deforestation. Little by little, environmentalists such as myself and others have lost the trust in the DEP to do what's right for the environment as the DEP keeps supporting large-scale destructive to the Environment Projects. The CMP Corridor is the last Straw! Do the right thing and what your Agency was set out to do....Protect (NOT Pollute) the Environment! Please REVOKE CMP's CORRIDOR DEP Permits!

Sincerely,

Grace Trifaro  
Wells, Maine 04090
