RE: New England Clean Energy Connect; Minor Revision Application for the December 15, 2020 Condition Compliance Submission; MDEP Order #L-27625-26- A-N, L-27625-TB-B-N, L-27625-2C-C-N, L-27625-VP-D-N, L-27625-IW-E-N

Dear Mr. Beyer:

At your request, Central Maine Power Company ("CMP") and NECEC Transmission LLC ("NECEC LLC") are hereby submitting the attached minor revision application form, in response to the Maine Department of Environmental Protection's ("MDEP's") determination that it would be appropriate for the New England Clean Energy Connect Project's proposed field adjustment request ("FAR") process to be reviewed as a minor revision and not a condition compliance. We understand that the MDEP will incorporate all of the material from the December 15, 2020 condition compliance application into the minor revision application, including the original application; the additional information; comments from interested persons; agency comments; and any other information in the record.

If you have any questions regarding this submittal, please give me a call at (207) 242-1682 or email me at gerry.mirabile@cmpco.com.

Sincerely,

A handwritten signature in blue ink that reads "Gerry J. Mirabile".

MINOR REVISION APPLICATION
For Site Location, Natural Resources Protection Act & Stormwater Projects

This form shall be used for minor revisions to a project that has received previous Site Law, NRPA or Stormwater Law approval from the Department, where the revision(s) significantly decreases or eliminates an environmental impact, does not significantly expand the project, does not change the nature of the project or does not modify any Department findings with respect to any licensing criteria. If significant project changes are proposed, then an amendment application will be required by the Department.

Please contact the DEP for current fee schedule information. The fee schedule is updated every November 1. The fee is payable to "Treasurer, State of Maine", and **MUST** accompany the application.
