I am writing to express opposition to the CMP proposed corridor project through the State of Maine. The environmental impact of such a project is NOT SUSTAINABLE. The ecosystems of Maine are irreplaceable and not for sale. If we continue to decimate the land for quick fixes to feed our seemingly endless appetite for more energy, we are ignoring the obvious signs of climate disaster.

Please stop the corridor and work towards energy and economic solutions that are REGENERATIVE not destructive.

Thanks you.  
Conny Hatch
