To Whom it may concern,

I find it beyond ridiculous that the powers that be are going to allow our Spanish owned power company to deface our pristine forest to benefit a Canadian Utility and the state of Massachusetts.

Meanwhile, the minions of Maine get a "deal" that is approximately what a superstar baseball player gets for playing 12 years. The only difference is there are over a million of us.

Leave our beautiful woods alone and let Massachusetts take care of itself. If the shoe were on the other foot, you can bet that would be the case!
