Subject: Stop the corridor

Our family moved to this beautiful state just over 20 years ago to get as far away as possible from invasive development, therefore if allowed, this corridor will not only be a horrible daily eyesore for surrounding families like ours "all day-every day," but will also have a negative impact to surrounding families who value the prestige night sky that blanket our area. This corridor will only benefit Massachusetts families, not Maine or its families! A very painful reminder to families like ours that money truly does make the world go around and Maine families like ours, are insignificant !

Respectfully,
