Question or Comment

Lately I have submitted some comments about the proposed CMP corridor. I would like to mention that group 4 today is a group which need to be listened to concerning this corridor. These people know the area and have experience with it and the wildlife there. Their testimony has been questioned by the lawyers representing the pro-corridor groups. The questions these lawyers have asked and doubts they have tried to raise pales in comparison to the knowledge and testimony of these witnesses. Please vote against this corridor.
