Dear Maine Department of Environmental Protection,

I cannot believe that we are so completely short sighted as to permanently ruin a beautiful undeveloped forest ecosystem for Massachusetts and a few temporary construction jobs! ( CMP will be putting in charging stations anyway, this is how they make their money.). We need to protect this land for MAINERS not deplete it for CMP and the benefit of Massachusetts. Please stand back and look at the big picture. Maine is an ideal that needs to be PROTECTED if we are going to continue to live the life we traditionally have into the future. Please follow the lead of Vermont and New Hampshire and say NO to this outrageous destruction of our state.

Sincerely,  
Priscilla Stevens
