Bill beyer,

Im writing in opposition of the cmp power line.

We lost our moutian tops to windmills that send power to Massachusetts, when they work, mainers get/got nothing. We let poland spring take our natural resource , water, and they sell it back to us. Mainers got/get nothing . Now you want to take more of our valuable western maine moutians and forest land , that we fish, Hunt, hike , snowmobile ,etc. On , to run power lines for hydro power from Canada for green cheap power . Isnt it a little idiotic that were pulling out our Dams in maine when WE could be using them to make ELECTRICITY. Green and cheap for MAINERS .!? if you want a power line to gut our western woodlands , we want FREE FREE FREE electricity for every county it runs through!
