Re: Nordic Aquafarms, Inc. – 4th Procedural Order

Dear Cynthia:

Please accept this letter seeking reconsideration of the tight timelines expressed in the fourth procedural order, which we have recently received.

Given that the amended application was not even uploaded and made available until a time essentially proximate to the issuance of the fourth procedural order, it strikes the Northport Village Corporation as unrealistic that all parties will have a full opportunity to prepare within the very tight timeframes laid out in the fourth procedural order.

I know that Nordic Aquafarms will want to assure that they have answered all questions in a timely and appropriate manner at the hearing and face the live witnesses in a constructive fashion. On behalf of the Northport Village Corporation, I would therefore ask that the timelines expressed in the fourth procedural order be reconsidered.

It is my understanding that Upstream Watch has also expressed an objection to the outline and deadlines set forth in the fourth procedural order and we adopt and incorporate their objections.

Sincerely,

A handwritten signature in blue ink, appearing to read 'John Spritz', is written over the typed name.
