Project: MHPC #0300-18 Roxwind, LLC; Horseshoe Valley Road  
Proposed Wind Project  
Town: Roxbury, ME

Dear Ms. Deane-Mayer:

In response to your recent request, I have reviewed the information received April 3, 2018 to continue consultation on the above referenced project in accordance with the requirements of Maine Department of Environmental Protection.

In order to continue our review, please provide an architectural survey of all above ground properties 50 years or older not previously surveyed by the overlapping APEs of the Record Hill, Saddleback and Spruce Mountain wind projects.

Although the Appalachian Trail is outside the proposed APE, we recommend that it be taken into consideration for visual impacts from the proposed project. The Appalachian Trail is eligible to be listed in the National Register of Historic Places at a national level of significance.

There will be no archaeological resources affected by this undertaking.

We look forward to continuing the consultation with you. If you have any questions regarding this matter, please contact Megan M. Hopkin of this office with questions at [megan.m.hopkin@maine.gov](mailto:megan.m.hopkin@maine.gov).

Sincerely,

Kirk F. Mohney  
State Historic Preservation Officer
