RE: Roxbury Wind Project, Roxbury, Oxford County
DEP # L-27863-ES-A-N, L-27863-NJ-B-N, L-27863-TG-C-N

Dear Erle:

On behalf of the Applicant RoxWind LLC, enclosed please find the following material responsive to the November 7, 2018 Review of the Roxwind LLC Project Scenic Resource Assessment prepared by LandWorks (the "Third-Party Review"): (1) a memorandum from Verrill Dana demonstrating that Rumford Whitecap is not a scenic resource of state or national significance under the Wind Energy Act and therefore the Department should not consider project visibility from that location; (2) a memorandum from Stantec Consulting responding to issues raised in the Third-Party Review concerning limits of clearing, stormwater management and other engineering issues; (3) a memorandum from TJD&A responding to the scenic issues raised in the Third-Party Review and a copy of the Baskahegan Lake Users Survey and the Bowers Visual Impact Assessment, which are referenced in the TJD&A memorandum; and (4) a motion to strike certain portions of the Third-Party Review.

Thank you for consideration of this material.

Sincerely,

Juliet T. Browne
