Subject: Silver Maple Wind Project : Proposal to build wind turbines on Pisgah Mountain in Clifton

EXTERNAL: This email originated from outside of the State of Maine Mail System. Do not click links or open attachments unless you recognize the sender and know the content is safe.

The Silver Maple project is a half-baked plan, sited in an area that is inappropriate for economical wind farms, and of only limited benefit despite irreversible damage.

I am Opposed to this Proposal

Sincerely,

Malcome Sargent
