

Map 3 Forested Viewshed for Blade Tips

Silver Maple Wind Project

GIS viewshed mapping is a preliminary means of visual analysis. While beneficial for preliminary orientation and investigation, because of data assumptions and omissions, viewshed maps are not a definitive indication of visibility. Potential visibility needs to be confirmed through field investigation and other visualization techniques.

Legend

* Silver Maple Turbines

Number of Blade Tips Visible

Scenic Resources of State or National Significance

- Great Ponds & Rivers
- National Register of Historic Places
- Other Outstanding Natural Feature

Map 4 Forested Viewshed for Turbine Hubs

Silver Maple Wind Project

GIS viewshed mapping is a preliminary means of visual analysis. While beneficial for preliminary orientation and investigation, because of data assumptions and omissions, viewshed maps are not a definitive indication of visibility. Potential visibility needs to be confirmed through field investigation and other visualization techniques.
