PUBLIC NOTICE: NOTICE OF INTENT TO FILE

Please take notice that Sugarloaf Mountain Corp., West Mountain Road, in Carrabassett Valley, Maine, 207-237-2000, shall provide a Public Informational Meeting on July 29, 2021 at 7pm at the King Pine Room in the Sugarloaf Base Lodge.

The public informational meeting will be held to inform the public of a proposed expansion of existing ski facilities, the anticipated environmental impacts and opportunities for public comment on the project.

Following the meeting, Sugarloaf Mountain Corp. intends to file an application with the Maine Department of Environmental Protection under the Site Location of Development Law (38 M.R.S.A. 481-490; DEP Regulations Chapters 371-377), the Natural Resources Protection Act, 38 M.R.S.A. 480-A to 480-JJ, and if needed Clean Water Act Water Quality Certification, 33 U.S.C. 1251, on or about August 18, 2021.

The application is for the addition of one ski lift, 140 acres of ski terrain, a skier services building, and 196 total housing units, consisting of 40 duplex units, 52 single family house lots, and 4 condo buildings with 26 units each., proposed to be located just south of West Mountain Road, and east of the West Mountain chair lift, on the west side of the Sugarloaf Ski Resort property (total project: 460 acres).

A request for a public hearing or a request that the Board of Environmental Protection assume jurisdiction over this application must be received by the Department in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. A public hearing may or may not be held at the discretion of the Commissioner or Board of Environmental Protection. Public comment on the application will be accepted throughout the processing of the application.

The application will be filed for public inspection at the Department of Environmental Protection's office in Augusta during normal working hours. A copy of the application may also be seen at the municipal offices in Carrabassett Valley, Maine. Written public comments may be sent to the regional office in Augusta, where the application is filed for public inspection:

Maine Department of Environmental Protection, Central Maine Regional Office, 17 State House Station, Augusta, Maine 04333

FORM C

PUBLIC NOTICE FILING AND CERTIFICATION

The DEP Rules, Chapter 2, require an applicant to provide public notice for all Site Location projects with the exception of minor revisions and condition compliance applications. In the notice, the applicant must describe the proposed activity and where it is located. "Abutter" for the purposes of the notice provision means any person who owns property that is BOTH (1) adjoining and (2) within one mile of the delineated project boundary, including owners of property directly across a public or private right of way.

- 1. **Newspaper:** You must publish the Notice of Intent to File in a newspaper circulated in the area where the activity is located. The notice must appear in the newspaper within 30 days prior to the filing of the application with the Department. You may use the attached Notice of Intent to File form, or one containing identical information, for newspaper publication and certified mailing.
- 2. **Abutting Property Owners:** You must send a copy of the Notice of Intent to File by certified mail to the owners of the property abutting the activity. Their names and addresses can be obtained from the town tax maps or local officials. They must receive notice within 30 days prior to the filing of the application with the Department.
- 3. **Municipal Office:** You must send a copy of the Notice of Intent to File <u>and</u> a **duplicate of the entire application** to the Municipal Office.

ATTACH a list of the names and addresses of the owners of abutting property.

CERTIFICATION

By signing below, the applicant or authorized agent certifies that:

- 1. A Notice of Intent to File was published in a newspaper circulated in the area where the project site is located within 30 days prior to filing the application;
- 2. A certified mailing of the Notice of Intent to File was sent to all abutters within 30 days of the filing of the application;
- 3. A certified mailing of the Notice of Intent to File, and a duplicate copy of the application was sent to the town office of the municipality in which the project is located; and
- 4. Provided notice of, if required, and held a public informational meeting in accordance with Chapter 2, Rules Concerning the Processing of Applications, Section 14, prior to filing the application. Notice of the meeting was sent by certified mail to abutters and to the town office of the municipality in which the project is located at least ten days prior to the meeting. Notice of the meeting was also published once in a newspaper circulated in the area where the project site is located at least seven days prior to the meeting.

STOCK MARKET REGAINS MUCH **OF GROUND IT LOST YESTERDAY**

By Damian J. Troise AND ALEX VEIGA AP BUSINESS WRITERS

Stocks jumped on Wall Street Tuesday, making up much of the ground they lost a day earlier when worries flared about spreading cases of the more contagious variant of COVID-19.

The comeback was the latest rebound following a pullback as investors continue to try and assess how badly rising infections will hurt the economic recovery.

The S&P 500 rose 64.57 points, or 1.5%, to 4,323.06.

AGENCY: 10-144 - Department of Health and Human Services (DHHS), Office for Family Independence (OFI) CHAPTER NUMBER AND TITLE: Ch. 331, Public Assistance Manual (TANE): Introduction and General Definitions: Ch. L. Eligibility Process; Ch. V, Post TANF Benefits; Ch. IX, Alternative Aid Assistance Program: and Appendices

TANF Rule #117P – FFY 2022 COLA, application process updates, and Post TANF services budgeting updates.

TYPE OF RULE: Routine Technical PROPOSED RULE NUMBER: 2021-P124

BRIEF SUMMARY: This rule is promulgated to comply with Maine statute 22 MRS §3769-C(1)(D), which requires the Department to increase the Temporary Assistance for Needy Families (TANF) maximum benefit on an annual basis by the amount of the cost of living allowance as determined by the Social Security Administration. The statute also requires the Department to make a related increase to the standard of need, provided the

The Department proposes to update the introductory text to simplify language, pertaining to the receipt of assistance that is counted toward the 60-month lifetime limit.

Additionally, changes are being proposed to disentangle the TANF and MaineCare application processes. The TANF manual specifies that all applications for TANF benefits are also to be A) as amended by HP 1261 – LD 1774 §6 newly requires the Department of Health and Human Services to accept referrals from an educational institution or program that is part of the University of Maine System: the Maine Community College System; Jobs for Maine's Graduates; an adult education program; or the career centers as an application for the Parents as Scholars Program with limited conditions. This newly required process and the current TANF manual conflict with Maine's Medicaid State Plan, As such, reference to treating the Public Assistance application as a MaineCare application would be removed from this chapter.

The requirement for Applicants and Participants to appear in-person for interviews and orientation meetings creates an unnecessary burden for them, and an administrative burden for the Department and the Department's contractors. While these in-person meetings may expedite the application process for those able to visit an office in-person, the requirement for most slows or reduces access. Furthermore, at times of community transmission of illnesses or diseases such as Corona virus or nfluenza, or hazardous traveling conditions due to weather, these in-person requirements can pose a risk to the health of Applicants, Participants and staff. These in-person interactions these requirements were recently reduced in rules TANF C19E, and TANF 114A. Recognizing the benefits of these adjustments, and not having experienced a demonstrable detriment, the Department proposes to remove all remaining in-person requirements from the manual.

To strengthen program integrity and reduce confusion, the Department proposes to add language to Ch. V(A) clarifying those children who are eligible for Transitional Child Care (TCC), and the reporting requirements for child care provider receiving TCC payments. The Department also proposes clarifying language regarding TCC overpayment responsibility and recovery procedures. A small business impact statement regarding this change can be obtained by contacting the agency Furthermore, the mileage reimbursement rate for Transitional

Transportation Participants would be updated to align with the MSEA rate at https://www.maine.gov/osc/travel/mileageother-info and the rate used by other OFI supports such as the Additional Support for People in Retraining and Employment (ASPIRE), Food Supplement Employment and Training (FSET), and Higher Opportunity for Pathways to Employment (HOPE) Similarly, in compliance with 22 MRS §3762(8)(C), the Chart

on Federal Poverty Level (FPL) figures published in the Annual Update of the Health and Human Services (HHS) Poverty Guidelines, 86 Fed. Reg. 7,732 (February 1, 2021) https:// $www.federal register.gov/documents/2021/02/01/2021-01969/annual-update-of-the-hhs-poverty-guidelines \ . The \ Department of the control of$ is proposing to adopt this provision with a retroactive application to February 1, 2021. Retroactive rulemaking is authorized by the Legislature in accordance with 22 MRS § 42(8) because this rule provides a benefit to recipients or beneficiaries and does not have an adverse financial effect on either providers or beneficiaries or recipients.

A clarification of good cause as it pertains to cooperation with child support requirements is proposed to be added to Ch. I(D)

The Department proposes to update the text describing the legal foundation for the Alternative Aid program to reflect the current authority and requirement to administer said program.

The Department proposes to update or add various cross

s for clar The Department proposes to update the Table of Contents as a

result of all proposed changes. Finally, various changes are being proposed to formatting, punctuation, and word choice, that will not alter the meaning of

the text, but will enhance readability and inclusivity See http://www.maine.gov/dhhs/ofi/rules/index.shtml for rules and related rulemaking documents. PUBLIC HEARING: Wednesday, August 11, at 1:00 p.m. Due to the COVID-19 pandemic, this hearing will be conducted virtually. Anyone

ADOPTIONS

Pursuant to Ch. 380 of the Public Laws of 2011, notice of the adoption of rules will no longer be published in the newspaper rulemaking notices; our Wednesday web notices will continue to carry them, however. Information on rules adopted through the Maine Administrative Procedure Act as well as the full text of adopted rules is available on the internet at http://www maine.gov/sos/cec/rules

Public Notices are a permanent and independent record of government and court actions. These include state and local government meetings, rule making, available contracts, zoning changes, and many more, as required by law. In addition, parties to some court proceedings, such as foreclosures, probate, and estate actions are required to publish notices to ensure notification of affected parties, as well as the general public. These notices also alert business owners, large and small, to potential government contractual jobs, helping to ensure economic activity across a level playing field. Public notices have existed to ensure transparency in all levels of government since the founding of the United States. State and local notices are published in Maine newspapers and are also recorded at mainenotices.com, where anyone can browse or search notices, and sign up to receive email alerts when relevant notices appear.

SECTION 25. PUBLIC INFORMATIONAL MEETING FEEDBACK

There is already a choke point of traffic at the intersection of West Mountain and the Access road, especially on Friday nights and Saturday afternoons. When were the traffic studies done and what is the plan for this since the addition of housing units and parking lots is only going to intensify this. Traffic circle? (Barry & Danielle London)

Internet/cable – increased infrastructure needed (London's)

Currently folks can get the West Mountain lift at mid-station at 8:00 on weekends and be at Skyline at 8:10 – this is being lost (heard this from multiple people). Hope the mountain will consider starting the new lift at 8:00 as well.

Consider bringing the top terminal up to the next intersection. Tom or Peter mentioned that this might not be possible due to the terrain. Concerned that the bottom cross-cuts may be last on the list to get groomed, cutting off access on poor weather/conditions days. (John Gagne)

E&F lots to provide ski in/out access - Nice!

"Overall very cool, have been waiting a long time". (John Gagne)

Will the cross-cut back to the base continue to be groomed? Really enjoy the glade skiing that is there now (Liz Stefany & Dave Corrow)

Where will the storm water from the development drain? Tom Dubois shared that it would follow the existing stream channels

What was the rationale of terminating the top of the lift? (Peter Smith)

What are the regulatory issues? Is there a yellow nosed vole issue? Response: no, they are above tree line.

Will the cross cut from Wes Knoll to the base will still be there. Will the new lift start at 8:00 am? Will the abutters continue to receive notices of upcoming meeting? (Joan Jarvis)
