| Brief Project Description: The proposed project includes the installation of an approximately 110 megawatt alternating current solar energy generation facility. The project area, including access roads, solar arrays, transmission line, and other components will comprise approximately 926 acres. | | | | | | | |
| Project Location & Brief Directions to Site: From Augusta, take I-95 N to Exit 132. Take right (east) onto Route 139 and continue east on Route 139 for approximately 9.5 miles. Turn left onto Bessey Lane to access the project area. Alternatively, continue east on Route 139 for approximately 2 miles past Bessey Lane to Palmer Road. | | | | | | | |

NOTE: Municipal permits also may be required. Contact your local code enforcement office for information. Federal permits may be required for stream crossings and for projects involving wetland fill. Contact the Army Corps of Engineers at the Maine Project Office for information.

THIS APPLICATION CANNOT BE ACCEPTED FOR PROCESSING WITHOUT THE NECESSARY ATTACHMENTS & FEE

- Attach a decommissioning plan consistent with the requirements of 35-A M.R.S. § 3494 in the Solar Decommissioning Law. If any portion of the solar energy development is or will be on land qualifying as "farmland" (see definition in 35-A M.R.S. § 3491(3) of the Solar Decommissioning Law) within 5 years preceding the start of construction, the decommissioning plan must provide for restoration of that farmland upon decommissioning sufficient to support resumption of farming or agricultural activities.
- Attach financial assurance (e.g., performance bond, surety bond, irrevocable letter of credit) for the total cost of decommissioning or a statement that the applicant will submit financial assurance to the Department for review and approval prior to the start of construction.
- Attach a location map that clearly identifies the site (U.S.G.S. topo map, Maine Atlas & Gazetteer, or similar).
- Attach proof of legal name if applicant is a corporation, LLC, or other legal entity. A copy of the Secretary of State's registration information (available at http://icrs.informe.org/nei-sos-icrs/ICRS?MainPage=x) is sufficient. Individuals and municipalities are not required to provide any proof of identity.

FEE: Pay by credit card at the <u>Payment Portal</u>. The decommissioning application fee may be found here https://www.maine.gov/dep/feeschedule.pdf and is \$500. (The fee requirement is effective upon publication of the fee in the fee schedule.)

Attach payment confirmation from the Payment Portal when filing this application form.

Signature & Certification:

- I authorize staff of the Department of Environmental Protection to access the project site for the purpose of determining compliance with the statute.
- By signing this Application Form, I represent that I am authorized to act on behalf of the applicant with respect to this application, that the information presented in this application is true and accurate to best of my knowledge, and that the applicant has sufficient title, right, or interest in the property where the solar energy development is or will be located.
