SUBMITTED ELECTRONICALLY

Reference: Three Corners Solar Project – Site Location of Development Act Permit Application

Dear Jami,

On behalf of Three Corners Solar, LLC (the Applicant), Stantec Consulting Services Inc. is submitting this Site Location of Development Act (Site Law) permit application for the Three Corners Solar Project (Project). A copy of this application has also been provided to the Maine Land Use Planning Commission, the Kennebec County Commissioner, and the Towns of Benton and Clinton.

The Applicant is proposing to construct a utility scale solar facility with a rated capacity of approximately 110 megawatts alternating current in the Towns of Benton and Clinton and the unorganized territory of Unity Township. The \$11,287 processing and licensing fee and Check Processing Form will be submitted following current procedures.

The Project will also require review under the Natural Resources Protection Act (NRPA). An Individual NRPA permit application for the Project has been submitted separately from this Site Law permit application.

Please contact me if you have questions regarding the enclosed application materials or require further information during your completeness review.

Regards,

Stantec Consulting Services Inc.
