Subject: Comment in favor of the ACCII initiative

Hello,

I am writing to communicate my support of the ACCII initiative, and to express my hope that the BEP votes to foster EV adoption. Transportation is Maine's biggest greenhouse gas contributor - we are extremely reliant on our cars for our way of life. EVs would help reduce the carbon footprint from the necessity of driving, creating a cleaner environment and better air quality for all.

Thank you for your consideration.

Sincerely,
Grace Carrier
