We do not believe it is the role of our State of Maine Government to influence/craft/demand the manufacture of no-emission vehicles. We are very much supporters and believers that the demand for such vehicles will come from the market itself...not our government. Further, we do not believe public policy for the State of Maine should be shaped so heavily by the State of California without greater input from citizens of this State.

We do **NOT** support CHAPTER [NUMBER AND RULE TITLE: 06-096 C.M.R. Chapter 127-A, Advanced Clean Cars II Program](#) being presented at public hearing tomorrow, August 17, 2023 at 9:00 a.m. at the Augusta Civic Center.

Thank you.
