Dear Ms. Cayting,

I am contacting you to express my opposition to the proposed rule above sponsored by NRC. I think the free market/the people of Maine should decide this issue. Also I question the statement by NRC that Maine's infrastructure is currently sufficient to support the EV industry. Being from the County, now in Bangor, I believe this rule if adopted would place an extra cost/burden on rural parts of Maine that would hurt Maine families' ability to make a good living.

Respectfully,
