To whom it may concern,

I strongly oppose the 2 sales mandates being considered by the Maine board of Environmental Protection (Rule 127-A for light duty vehicles (up to 8500 GVW) and Rule 128 for medium and heavy-duty vehicles (greater than 8500 GVW)). This will deeply hurt the automotive industry in our state and the families that they employ. And quite honestly if the public can't get what they want in our state they will turn to neighboring states without the mandates. This will leave a high inventory of vehicles on the lots of car dealers that the public doesn't want and in turn will hurt sales in our state as well as threatening the well-being of many dealers. PLEASE VOTE AGAINST THESE UNFAIR MANDATES!

Sincerely,

Ed Gormley

Windham, Maine
