Subject: Phasing Out Gas Powered Vehicles in Maine

EXTERNAL: This email originated from outside of the State of Maine Mail System. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am a lifelong resident of Maine; and, if I were to cast a vote on this proposal, my vote would be a resounding NO.

Please listen to the facts and the taxpaying citizens of Maine. This proposal is not sound (not even environmentally sound), affordable nor sensible, especially given Maine's reported contribution to pollution, which is very low.

I am sure you are aware that CO₂ is necessary for life - see the process of photosynthesis.

[What Is the Relationship Between CO₂ & Oxygen in Photosynthesis? \(sciencing.com\)](https://www.sciencing.com/what-is-the-relationship-between-co2-and-oxygen-in-photosynthesis/)

Thank you.
