Dear Air Quality Bureau Cayting,

I wish I had an eloquent way to describe how catastrophically this would impact my business. I don't! This would put my small mulch recycling operation out of business for sure. The lack of availability and expertise to manage these very unproven technologies can not be emphasized enough. I'm sure in the grand schem of things landscape mulch around houses and businesses is trivial to this proposals supporters. To my employees their families and the many supportive customers it is much more.

Sincerely,

Brett Parke
