Dear Air Quality Bureau Cayting,

California EV regulations are NOT GOOD for Maine. This is a BAD IDEA! Our winters are too cold and the batteries will not work properly... We already have battery problems in the cold. It will be very dangerous! We are told that you shouldn't park your car in the garage because it could catch on fire. REALLY!?! How about California continues to ruin their state. Lets NOT follow suit. We can do better than he leadership on California is doing in their state.

Sincerely,

Douglas Santomango
