Subject: Please Vote Against California's Advanced Clean Trucks Rule

Dear Air Quality Bureau Cayting,

Please give the California ACT Rule time to develop before committing ourselves to something that could have a catastrophic impact on our economy and the wellbeing of our citizens. We do not have the infrastructure in place to handle the demand of cars let alone heavy trucks. The wait time for a charging station and then the time needed to charge the trucks will increase trucking costs greatly and slow progress across all industries.

Sincerely,

James Braley
