Hello DEP,

The idea for mandatory Electric Vehicles is practically and environmentally wrong, and unconstitutional.

1. It goes against our freedom and liberty.
2. Let's allow markets, and supply and demand dictate what vehicles we drive.
3. The practice of Electric Vehicles in cold, snowy climates is wrought with problems.
4. The recharging is done with non-renewable electricity.

Peter Tracy – Farmington, Maine – CDL and driver for 51 years.
