I strongly support Advanced Clean Trucks for Maine! Our northeastern neighbors of Vermont and Massachusetts have already signed on, and I definitely want Maine to see the economic and health impacts of this rule. I am working hard to be able to afford a used EV as my next vehicle, and I would like to see more EVs available to purchase in Maine, especially non-luxury models. Transportation makes up 54% of our state's carbon emissions, and it's imperative that we do as much as possible as quickly as possible to cut our carbon emissions.
